EMBLEM & FLAG

The **EMBLEM** of this Institution portrays a man lying with sickness being helped to rise, and given renewed life by Christ, who is signified by the Cross, on which He died, and which is a symbol of love.

The motto of the emblem, *HE SHALL LIVE BECAUSE OF ME*, links this Institution with the XXXVIII International Eucharistic Congress held in Bombay in December 1964, of which it is the Chief Memorial. The motto is a constant reminder to our Staff and Students of the presence of the Divine Healer (represented in the word "ME" of the motto) with whom they collaborate in their care of human lives.

The colour scheme is also in line with this theme

The cross is **WHITE**, signifying purity of spirit;

The body of the man lying down is **BLUE**, signifying aspiration towards heavenly things;

The background is **GOLD** or **YELLOW**, signifying the flame of knowledge.

The **FLAG** of the institution also has the three colours of **BLUE**, **WHITE** and **GOLD** representing the same.

1. ST. JOHN'S NATIONAL ACADEMY OF HEALTH SCIENCES - OVERVIEW

1.1 INTRODUCTION, AIMS AND OBJECTIVES

INTRODUCTION

The Catholic Bishops' Conference of India (CBCI) established St. John's Medical College in Bengaluru in 1963 with the aim of training healthcare personnel committed to serving the poor and the marginalised. It was dedicated as a memorial of the XXXVIII International Eucharistic Congress held in Bombay in 1964 and named after St. John the Baptist, the Patron of Pope John XXIII, who was an ardent supporter of this initiative of the Catholic Church in India. Admission to this unaided, non-capitation fee, Christian minority, educational Institution is on all India merit basis.

AIMS

While the Institution is intended primarily for training Catholics and especially dedicated personnel like Religious Sisters, who operate a large number of hospitals and dispensaries mainly in medically under-served and rural areas of our country, it is open, to all persons irrespective of religion, caste or community. The Institution seeks to make a qualitative contribution to health care, medical education and research through the training of medical, paramedical, nursing, health management, community health workers and other personnel who are dedicated to the Healing Ministry in the Spirit of Christ. The Medical College Hospital is intended to assist in training and to render service in health care to all people irrespective of religion, caste or community, particularly the underprivileged and disadvantaged.

OBJECTIVES

Under the overall policy of the CBCI Society for Medical Education, the objectives of the Institution are grouped as follows:

1. Excellence in all fields of health care education.
2. Impart value education.
3. Upholding respect for life, from the moment of conception to its natural end.
4. A genuine feeling of compassion for the patients and their families as persons.
5. A special thrust to Community Health, fostering the dimensions of participatory team work.
6. Serving the health needs of medically underprivileged brethren.
7. Acquiring the ability to do research, and apply the advances in scientific knowledge to the relevant fields of work.
8. Striving towards promoting holistic health.
9. Acquiring an exemplary steadfastness to principles and moral values so as to be a witness to a life of honesty and integrity.

1.3 IN THE BEGINNING..... a run through the history

The Catholic Church in India had long felt the need of adding a Medical College to the many educational and social welfare institutions through which, over the years, it has served the country. However, the complexities of such a venture, delayed its active consideration until the proposal was pursued by the Catholic Bishops' Conference of India (CBCI). At the request of the CBCI, the late Archbishop of Madras, the Most Rev. Louis Mathias, SDB, prepared and presented a report in 1954, in which he reviewed the total requirement of the project. In 1956, Archbishop Mathias with the aid of medical and financial experts submitted a comprehensive scheme to the Conference and in September 1960, the CBCI took the decision to establish a Medical College, with an attached hospital at Bangalore.

His Holiness, Pope John XXIII agreed to the College being named after his patron, **St. John the Baptist**, as a mark of his personal interest in the project, and of his approval of its aims and ideals. The College was accordingly, named "**St. John's Medical College**" and opened in temporary premises at Bangalore in July 1963.

In the course of their Joint Pastoral letter issued in connection with the XXXVIII International Eucharistic Congress, held in Bombay in 1964, the Catholic Bishops of India, announced their choice of the College project as the Chief Memorial of the Congress. This choice received the warm approval of His Holiness, Pope Paul VI, which was conveyed by him in a special message addressed to His Eminence, Valerian Cardinal Gracias, the then President of the CBCI Society for Medical Education. His Holiness, also established a scholarship in the College in his own name, to be awarded, each year, to the best all-round student completing the MBBS course.

Blessing of the corner stone of the Medical College Project at the Eucharistic Congress in Mumbai, 3 December 1964

Dedication of the College by his Excellency Dr. Zakir Hussain, former President of India, 1968

The Corner Stone of the Project was blessed by His Holiness Pope Paul VI at Mumbai during the principal function of the Eucharistic Congress, held on 3 December, 1964, at which he officiated. It was laid at the Project site on 27 July, 1965 by His Excellency, Shri V. V. Giri, the then Governor of Karnataka. On the completion of the buildings, the College was dedicated to the cause of medical education, research and patient care on 29 September, 1968, at a ceremony presided over by the late President of India, His Excellency Dr. Zakir Hussain.

Prior to the completion of these buildings, the College was located in the premises of St. Mary's Industrial School and Orphanage, made available by His Grace Archbishop Thomas Pothacamury of Bangalore, for the teaching of pre-clinical and para-clinical subjects. St. Martha's Hospital operated by the Sisters of the Good Shepherd Congregation was affiliated to the College for Clinical Teaching. The Hospital was extended and suitably equipped for the purpose. The affiliation of the Hospital to the College was discontinued from 1983, when SJMC had its own functioning hospital.

1.5 EDUCATIONAL PRIORITY

Right from its inception, St. John's has set before itself, **an ideal of academic excellence, as well as service to society, with a holistic approach to the problems of community health.** This Institution of Health and Healing envisages the training and participation of the community (including the rural people and the slum dwellers) in health care, in its preventive, promotive and rehabilitative aspects.

The Institution expects its students to uphold the **ethical values and principles of morality as interpreted by the Catholic Church**. It prepares students for the role of future leaders, loyal to the highest ideals of the health profession, and at the same time conscious of social, and economic transformation necessary for healthy human existence at both national and global levels. It encourages doctors, nurses, paramedical staff and other health care professionals to work as a team to deliver comprehensive health care, and where required **rise up to the role of leaders in society helping in developmental activities, to improve quality of life.**

In the Indian context, an effective Health Care Delivery System is a must. Growing population, persistent poverty, illiteracy, unemployment, unavailability of health facilities to a larger section of people, makes the task even more complicated. Today's Health Care Administrators are required to play a dynamic role to face this challenge. St. John's Medical College, Hospital and the Institute of Allied Health Sciences were founded to respond to such a challenge and to meet the primary health needs of our people.

1.6 CAMPUS AND INFRASTRUCTURE

In June 1968, five years after its establishment, the College moved to its permanent 140 acre campus situated at the periphery of the city of Bangalore. It has steadily grown over the years.

St. John's National Academy of Health Sciences consists of the following institutions:

1. **St. John's Medical College** (1964)
2. **St. John's Medical College Hospital** (1975)
3. **St. John's College of Nursing** (1980)
4. **St. John's Institute of Allied Health Sciences** (1975)
5. **St. John's Research Institute** (2004)

1.6.1 ST. JOHN'S MEDICAL COLLEGE

St. John's Medical College has been **consistently ranked among the top ten BEST MEDICAL COLLEGES IN INDIA since 2014**. In the prestigious **National Institutional Ranking Framework (NIRF) the institution was ranked 12 in the Medical category**. The Institution has 07 Rhodes Scholars to date, the maximum from any medical college in India.

The St. John's Medical College building consists of an H shaped **Academic Block** set in a 140 acre **green and Wi-Fi enabled campus**. The academic building has over 10 lecture halls ranging in seating capacity from 30 to 350 and equipped with audio-visual facilities, examination halls with a seating capacity of 800 and well equipped student laboratories. Dispersed throughout the sprawling lush green campus are 4 Auditoria with seating capacity of 200 to 1000 and several smaller lecture halls and discussion rooms to facilitate learning.

The student laboratories attached to the pre and para-clinical departments such as Anatomy, Physiology, Biochemistry, Microbiology, Pathology etc., are well-equipped and aid in providing excellent hands on training to students. Several of the departments have museums which also provide rich learning material.

1.6.2 ZABLOCKI LEARNING CENTRE - Medical Central Library

- The library is a focal point to study in any educational institution. Well stocked Central & Departmental Libraries exist in both Hospital and College.
- The Central Library has a digital section with over 30 computers with Internet Access facilities to all faculties and students. RGUHS Helinet Consortium subscribes to over 20 digital databases including Science Direct, Elsevier, Springer, Clinical Key, ProQuest and UpToDate Databases which are accessible directly. Apart from this the Institution also subscribes BMJ and ProQuest Allied Health Databases
- All Faculty and Postgraduates can access digital content remotely.
- Internet Browsing Service and Photocopy Services are available within the Library premises to faculty and students.
- Student Aid Fund Scheme enables the economically challenged students to borrow library books for the duration of the course.

The library continuously strives to develop a comprehensive collection of print as well as digital resources useful for teaching, research and reference purposes, some of which are listed below:

1.6.3 ST. JOHN'S MEDICAL COLLEGE HOSPITAL

St. John's Medical College Hospital which started out with a few hundred beds in 1975 currently has 1350 in-patient beds, distributed among **32 broad speciality and super speciality departments**. Construction is underway to add another 750 beds so as to make it a total 2100 beds. The hospital is well equipped with out-patient and in-patient services and operation theatres for major and minor surgeries. Several sub-specialty clinics are run by various departments in order to provide focussed patient care. Notable among these is the **Unit of Hope** which provides a multidisciplinary team approach to treating children with physical impairments.

St. John's Medical College Hospital

In addition **St. John's Laboratory Services** inclusive of Clinical Microbiology, Clinical Biochemistry Pathology, Clinical Pathology and Genetics have excellent **well-standardised, NABL accredited (since 2006) Service Laboratories**. Most of the diagnostic tests are conducted on automated, advanced instruments and are monitored by a strict quality control and quality assurance programme. There is also a molecular diagnostic and research facility. A state of the art blood bank managed by the Department of Transfusion Medicine and Immunohematology provides services to patients including a large number of Haemophiliac patients, who have registered with the Hospital for regular blood transfusion.

Well-equipped and well-staffed operation theatre complex and imaging facilities

AWARDS:

- **2014** – Kempegowda award given by the Bruhat Bengaluru Mahanagara Palike in recognition for the contribution to health care given in the Metropolitan City.
- **2015** – Best Multispecialty Hospital Award given by Times of India .

1.6.4 UNIQUE TEACHING- LEARNING INITIATIVES AT SJMC

Medical Education Department Initiatives

The Department of Medical Education (DME) was started as "Medical Education Unit" in 1988. With increasing activities in relation to student and faculty capacity building and **recognition of the unit by the Medical Council of India as one of its 10 Nodal Centres**, the unit became a full-fledged College Department in 2009.

The Primary goal of the DME is to promote innovation and advances in medical education. The Department is also the College's resource for expertise in medical education research. In addition the St John's DME is recognized as a **Nodal Centre of Medical Council of India for MCI's Basic Workshop and the Advance Workshop in Medical Education Technologies.**

SIM - Man3 simulator for hands on training

- **St. John's Alumni Skills Lab** is a state-of-the-art training and research facility, equipped with mannequins (anatomical models of the human body), and simulation centre. This lab focuses on training medical students and health professionals about what to expect, and how to respond in a clinical scenario, thus providing excellent hands on training to students and preparing them for real patient encounters. **Teleconferencing/ tele medicine facilities** available in the skills lab and the hospital, provide our faculty and students opportunities for teaching and learning with international experts.

- **Problem Based Learning Module:** The DME annually organises Problem Based Learning (PBL) workshops for students and faculty. PBL is an educational method that is centred on the discussion and learning that emanates from a clinical problem in a small group setting and encourages students to become more involved and responsible for their own learning. It also encourages an inquisitive and detailed look at all issues, concepts and principles contained within the problem and thus enables a deep understanding of the subject. Students also learn effective communication, teamwork, and leadership, which are essential skills to becoming competent clinicians.

Ethics in Medical Education

St. John's Medical College from its inception has been unique in emphasizing the importance of sensitizing medical students to medical ethics, even when it was not a 'syllabus requirement'. The **Department of Medical Ethics** with expert faculty from various departments and backgrounds

Rural Orientation Programme for the 1st MBBS Students at the Institution's Community Health Training Centre at Mugulur

ensures that medical students get a broad based, yet in depth understanding of how to handle ethical dilemmas in patient care at a practical level. This exposure to Medical Ethics is provided from the day the student joins i.e., from Orientation day, to Foundation Course, throughout the student years right up to the lively Interns Friday Ethics Debates during internship. The Department is also involved in teaching medical ethics to our Allied Health Science and Health Administration students.

Interns posting in rural health care centres for 2 months

Humanities in Healthcare

The Division for Humanities and Health under SJRI promotes the idea of the **humanities in health** among practitioners of health care, and provides avenues to educate our students on the links between the humanities and the practice of medicine. By stimulating dialogue between society and health practitioners by means of debate, drama, art, music and creative writing, it aims to realize the ideal of "person-centered" care. This approach, along with the **Major General SL Bhatia Museum of the History of Medicine Museum** maintained by the division provides unique global, historical and evolutionary perspectives to our students enabling them to evolve into more **humane practitioners of medicine.** Three student-led initiatives are located in the Division of Health and Humanities: "Spotlight", the theatre group; "Ecologics", the environmental group and "The Quillosophical Society", the literary group".

Rural Orientation and Emphasis on Health Care for the Marginalised.

In keeping with one of the stated objectives of the Institution which is to serve "the health needs of medically under-served areas of our country and our medically underprivileged brethren", the Department of Community Health conducts a variety of programmes to orient the students to the conditions that prevail in these regions. These **unique community-based educational programs help prepare our students to face the realities of serving the under-served.**

- o Rural Orientation Programme (ROP) at the Institution's Community Health Training Centre in Mugalur Village in First Year.
- o Visit to urban under-privileged areas around SJMC in the Second Year
- o Community Health Action Programme (CHAP) in the Fourth Year.
- o Interns posting in rural health care centres for 2 months

1.6.5 RESEARCH INITIATIVES

Research is a priority across the Campus. Every department has recorded a number of publications, research projects, conferences and seminars to its credit. Several members of the faculty along with students participate actively in research projects every year.

Research Society

The institutional Research Society encourages research among the faculty by providing intramural funds for research, biannually.

Institutional Ethical Committee

The Institution places a strong emphasis on ethical research. In keeping with these objectives as well as regulatory requirements all Institutional research is approved and monitored by the Institutional Ethical Committee.

1.6.5.1 ST. JOHN'S RESEARCH INSTITUTE

St. John's Research Institute (SJRI) is an integral part of St. John's National Academy of Health Sciences. It was conceptualized in the year 1998 and moved into the present facility in the year 2004. SJRI was set up with a commitment to pursue excellence in research and to build capacities in health-related research. The faculty of St. John's Medical College and Hospital are involved in research activities across various disciplines of medicine.

1.7 STUDENT LIFE ON THE CAMPUS OF ST. JOHN'S MEDICAL COLLEGE

Student life at St. John's Medical College is more than just academics and curriculum. The campus offers an array of intellectual, cultural, sports and recreational opportunities.

- **The sports facilities** at St. John's Medical College include basketball and volleyball courts, football and hockey fields, tennis courts, cricket grounds and a full athletic track. The hostels also have a gymnasium, badminton courts and facilities for indoor games like table tennis, chess and caroms. Sports are actively encouraged on the campus.

Annual Inter Class Sports

The annual **Inter-Class Sports (ICS)** tournaments held in the March-April every year are well attended and is followed by the Annual Sports day. Many students represent the University and also participate at state and national levels in various events. Since 1978, the SJMC Alumni Association also conducts the well known intercollegiate Dr. Isaac Abraham Memorial Hockey tournament.

Student cultural activities

- The Campus maintains a **vibrant cultural profile**. Extracurricular activities, which promote development of skills, talents, physical and mental health are encouraged. The Institution provides and encourages a variety of activities including music, dramatics, debating and social service. The various campus cultural events provide a platform for students to showcase their talents; be it art, music or drama.

Autumn Muse, the Annual College Fest

Jingle Rock, the campus Christmas Fest

- The **Annual campus Inter-Class Cultural (ICC)** events organised by the students goes on for over 2 weeks and includes over twenty different competitive cultural events. Students are also encouraged to participate at intercollegiate and University level sports and cultural activities, without compromising academic standards. **Ethnic Day organised by the Allied Health Sciences students** celebrates the diversity on the campus and fosters a spirit of mutual respect and tolerance.
- **Autumn Muse, the Annual College Fest**, organised on campus since 1989 is an important event in the college cultural calendar of Bengaluru City. Over 25 institutions from Bengaluru and other cities participate in this event, which enables our students to hone their leadership and organisational skills. The proceeds go towards a pre-determined social cause.
- In December the campus comes alive with the sound of 'Jingle Rock', the Annual Christmas Cultural and Food Fest, which heralds the Christmas Spirit on the campus.

1.8 STUDENT SUPPORT

1.8.1 COUNSELLING AND PASTORAL CARE SERVICES

St. Johns Medical College, emphasises the all-round psychospiritual and emotional wellbeing of its students. It has in place several mechanisms for spiritual and student nurture.

Spiritual support

- The central location of the chapels, both in the college and the hospital, reflect the centrality of worship in the life of the community.
- Catholic students are encouraged to participate in the Eucharistic celebration regularly. They are encouraged to participate in additional spiritual activities to equip themselves as committed Christians.

- Participation in the Annual retreat for undergraduates conducted by eminent Christian preachers is compulsory for Catholics and Christians belonging to all denominations. The Annual Value Orientation Programme for students belonging to other communities is also compulsory.
- The Student Prayer Group meets every Friday for a dedicated time of prayer and reflection and is open to students inclined to join.
- The Chaplain and Associate Chaplain from the **Pastoral Care Team** are available to support the spiritual needs of the students, faculty and patients on the Campus.

Assisi Block

Counselling services

Life as a student has its own stresses and strains, and sometimes the need may arise to confide in, open up to, or seek guidance from someone. A full time student counsellor is available for students to discuss issues which may be academic or personal in nature.

Student Mentorship Programme:

All under graduate medical students are also assigned to a faculty mentor. The mentorship programme provides emotional support and serves as an anchor in times of need.

Vice Deans and Hostel Wardens

The Vice Deans of the various sections (Undergraduate, Postgraduate and Allied Health Sciences) and the hostel wardens add yet another layer of emotional support and mentorship to students in need of help.

Medical facilities

All students can avail highly concessional medical facilities from the Hospital and the Staff Clinic.

1.8.2 HOSTEL ACCOMODATION

- The College provides hostel accommodation for male and female students inclusive of basic furniture. The students are expected to bring their own mattresses, pillows, bed linen mosquito nets and other items of personal use.
- An assistant warden is based at every hostel and a security guard is on duty 24 hours a day
- Shops within the campus include a mini-supermart that sells confectioneries, fruits, stationery, toiletries etc.
- The campus has a post office counter with Speed-Post facilities, a bank with 24-hour ATM facilities, a 24-hour pharmacy, two cafeterias and a bookstall.
- Tailoring facilities, photocopying and photo studio shops are available within walking distance of the Campus.

Alphonsa Block

Cafeteria

- Administration/discipline at the hostels is governed by the Hostel Rules. These are binding on all students and their infringement may result in disciplinary action. The cost of any damage to hostel property will have to be paid by the hostelites.

1.9 CAMPUS DISCIPLINE

1.9.1 POLICY ON RAGGING

In keeping with the legislative policy of Karnataka State and the country and MCI and RGUHS guidelines, St. John's National Academy of Health Sciences has a '**ZERO TOLERANCE TO RAGGING**' policy. Quoted below are relevant extracts from the Rajiv Gandhi University of Health Sciences circular dated 1 Feb 1997.

“Ragging is a cognizable offence punishable with imprisonment for a term which may extend to one year or with fine according to section 116 of the Karnataka Education Act, 1983, and under various sections of the Indian Penal Code (IPC).”

“Principals are instructed to inform the Police and take necessary action to dismiss the student”.

The institution will deal firmly and strictly with all instances of ragging. If any incident of ragging comes to the notice of the authorities, the concerned student will be given an opportunity to explain. If the explanation is not satisfactory, the authorities will expel the student from the Institution. Hostelites involved in ragging will be expelled from the hostels and will have to make alternate arrangements for accommodation. Names of such students will also be handed over to the police and RGUHS, for further action.

Anti- Ragging Helpline : Phone: 1800-188 – 5522. E-mail: helpline@antiragging.in

1.9.2 POLICIES ON OTHER DISCIPLINARY ISSUES

Punctuality and Academic Attendance

Students are expected to be **regular and punctual** at lectures, demonstrations, seminars, practical classes, field work and other such academic exercises. They are required to maintain **adequate attendance** as mandated by the University in each of the prescribed subjects.

- In case of non-attendance at classes, an application must be presented to the Dean for leave of absence, stating the reason.

- Students whose conduct or attendance or progress is not satisfactory, will not be allowed to appear for the University Examination and may become liable for suspension/expulsion from the College and / or hostel.

Grooming and Dress Policy

Students at St. John's Medical College and Hospital are expected to dress in a manner which projects neatness and professionalism. The dress code emphasises the need for students to focus on academics and express their individuality through personality and academic achievements, rather than outward appearance.

- Aprons and identity badges are mandatory while in the campus.
- The clothing worn should be formal, well fitting, neat, clean and modest, covering the shoulders, with no deep necklines, and adequate hemlines.
- Hair should be clean, and properly groomed. Long hair should be tied/ braided in case of women students. Male students are expected to maintain short hair with no ponytails/ rubber bands. Hair styles/ colours should not disrupt/ distract from the academic process.
- Tattoos and body piercing (except standard ear piercing for women students) are strongly discouraged.
- Footwear should be formal.

Involvement in Associations on Campus And Outside

- Membership of the recognised Students' Association of the College is compulsory. No other association of students in the College will be permitted, without the prior approval of the Dean.
- Those who are required by the rules of the University to do so, must join the NCC or NSC or the Physical training Classes.
- Catholic students are encouraged to join the All India Catholic Medical Guild of St. Luke (CMG), Bangalore, and the All India Catholic University Federation (AICUF).

Policy on Alcohol, Drugs and Smoking.

- Smoking is not permitted on the campus.
- Students are not permitted to serve alcohol within the campuses of SJNAHS. Forcing a fellow student to consume alcohol would be grounds for severe disciplinary action.
- The Indian Penal Code classifies obtaining, keeping or passing on banned drugs (such as marijuana, cocaine, heroin, etc) as a criminal offence. Possession or use of banned drugs will result in expulsion from the College.

Involvement in Strikes And Criminal Acts

- It is illegal to be involved in strikes within the Organization. Students should refrain from disfiguring walls and furniture and from other objectionable practices. Students involved in such activities may be liable for expulsion from the Institution and must also pay for the damages.
- Any other activities which are likely to affect the peace and tranquillity of the institution, involvement in any sort of violence or disturbance both within and outside the institution/any

criminal acts/offences as defined in the Indian Penal Code will result in expulsion from the College.

- Immoral activity including use of foul language, gestures or any form of abuse would be liable for severe disciplinary action.
- 'Wi-Fi' provided in classrooms and hostels is solely for academic purposes. Any form of its inappropriate use is not allowed.

Other General Guidelines

- The course shall be pursued on **full time basis**. No candidate shall be permitted to work in a health care facility or a related organization or laboratory or any other organizations outside the Institution or engage in any business while studying the course.
- No candidate shall join any other course of study or appear for any other examination conducted by this University or any other university in India or abroad during the period of study, without prior permission from the Dean.
- It is mandatory for hostelites to be members of the students mess. The hostels and dietary are out of bounds for the day scholars.
- The college vehicles are not available for excursions, examinations and external postings.
- The College Office must be kept posted regarding change of address if any, whether local or permanent and contact numbers.
- **Please note that the regulations included in this section are not exhaustive. Students are expected to comply with any disciplinary guidelines which may be issued towards the smooth running of the institution and the academic process.**

2.2 MBBS - COURSE DETAILS

2.2.1 Course Outline:

- The Medical Council of India has revised the Curriculum, for the Academic year 2019-20 onwards. The new Curriculum “**Competency Based Medical Education**” focuses on the Medical Graduate being competent to perform tasks of a “primary care physician of first contact”, after completion of training. In the new curriculum the learner has to take responsibility for their own learning. The MBBS course is of four and a half years duration and is followed by one year of Compulsory Rotating Residential Internship.
- The broad guidelines of the course are given below. Since the Curriculum is new, and changes are expected as the course progresses, specific details will be announced to the students as and when MCI and RGUHS notifications are received.
- The course begins with a **Foundation Course** sensitising the students to the health situation in India, the role of doctors in the community and basic principles of Communication & Ethics.
- The undergraduate course in medicine comprises of three Phases.

Phase I- The first stage of 12 months duration (Term 1 and 2) consists of the basic sciences - Anatomy, Physiology and Biochemistry. This will be followed by **the 1st Professional Examination.** Passing in the First Professional Examination is compulsory before proceeding to Phase II training. Supplementary examination will be conducted shortly after so that the students who pass, can join the main batch. Those students who fail in the supplementary examinations will have to appear in the subsequent year.

Phase II-The next stage is of 12 months duration (Term 3-4) and comprises of clinical and para-clinical subjects - Pharmacology, Pathology, Microbiology and Forensic Medicine. This will be followed by the **2nd Professional Examination.** A student, who fails in the 2nd Professional

examination, can proceed with the training but shall not be allowed to appear in 3rd Professional Part I examination unless he passes all subjects of 2nd Professional examination.

Phase III- The penultimate stage is of 12 months duration (Terms 5 and 6) and covers Ophthalmology, ENT and Community Medicine. This will be followed by the **3rd Professional Part 1 Examination.** A student, who fails in the 3rd Professional examination, can proceed with the training but shall not be allowed to appear in 3rd Professional Part 2 examination unless he passes all subjects of 3rd Professional Part 1 examination.

Phase IV- The last stage is of 12 months duration (Terms 7- 9) and covers General Medicine, Paediatrics, Surgery, Orthopaedic Surgery and Obstetrics & Gynaecology. It is to be noted that the students will be attending Clinical postings and lectures in these subjects from 3rd term itself. The end of 9th term will be followed by the **3rd Professional Part 2 Examination.** A student, who fails in the 3rd Professional Part 2 examination, cannot proceed to Internship unless he passes all subjects of 3rd Professional Part 2 examination.

- The clinical subjects to be taught during Phase II and III are Medicine and its allied specialties, Surgery and its allied specialties, Obstetrics and Gynaecology and Community Medicine.
- Besides clinical posting as per schedule mentioned herewith, rest of teaching hours will consist of didactic lectures, demonstrations, seminars, group discussions, etc. in various subjects.
- Clinical skills will be taught not only at the bedside of the patients, but also in the well-equipped Skills lab, use of simulated patients and paper-based cases.
- In addition to teaching of the medical subjects mentioned above, Medical Ethics, Professionalism and Communication Skills will also be taught.
- Research methodology will be taught and students will have ample opportunities to do research under the guidance of one faculty, which is entirely voluntary and student driven.
- **The internship lasting for 12 months** comprises of postings in Community Health, Medicine, Surgery, Obstetrics & Gynaecology, Paediatrics, Orthopaedics, Emergency Medicine and short electives in various specialties. All these are as per the guidelines of the Medical Council of India.

2.2.2. Essentials to be eligible to appear for University examination

- **Course completion:** Satisfactory completion of the approved course of study in the subject/ subjects for the prescribed duration
- **Attendance:** Not less than 75% of the total classes conducted in theory and not less than 80% of the total classes conducted in practical separately in a given subject to be eligible for the University examination in that subject/subjects
- **Internal Assessment (IA):** Minimum of 40% marks to be obtained separately in theory and practical to appear for University examination. At least 50% marks of the total combined in theory and practical assigned for IA is to be obtained in a particular subject (The average of ALL internal assessment examinations will be computed in theory and practical separately. The internal assessment will include formative and summative assessment.)
- **Certifiable competencies:** Learners must have completed the required certifiable competencies for that phase of training and completed the logbook appropriate for that phase of training to be eligible for appearing at the final university examination of that subject.

ANTHEM

Ch: St. John's! with pride my song resounds;
I hail thy pennant blue, gold, white.
St. John's! thy spirit in me bounds;
Be thou my guide my beacon light.

There stirs thy call within my heart
In thee this pledge I seal:
To raise the ill shall be my part,
To minister, to heal.
With ev'ry moment born in time,
Through deep eternity,
Thy vision will endure, sublime:
HE SHALL LIVE BECAUSE OF ME.

Sustained within God's grace I stand;
Thy yoke, so light, I bear:
Where're I toil, love guide my hand,
Inspire my promised care.
Love stoke my hopes, my fears belie;
Love set my courage free;
While yet my lips have breath to sigh:
HE SHALL LIVE BECAUSE OF ME.

Through India's far flung rustic lands,
Where need is most, I serve;
No bounds restrain my willing hands,
No efforts I reserve.
And on thy campus, high or low,
Where're my calling be,
In Thee my solemn oath shall grow:
HE SHALL LIVE BECAUSE OF ME.
