Obtaining Registration Information

Find IP Address

Configuring the Phone

Scope:

The following article will show you how to manually register a Polycom phone.

Items Needed:

- Polycom Phone
- Access to Web GUI

Obtaining Registration Information

1. Log into Manager Portal
2. Navigate to **Phones**
NOTE: Office Managers can navigate to Users > select the user > Phones

3. Select **Phone Info** for the phone you wish to register.
NOTE: You will only see the information if the phone model is set to Manual or Softphone

4. Take note of the listed information.

Phone Info

Phone

3900a

Note: Phone Name cannot be changed

911 Caller ID

Leave blank to use default
