High School:

Tri-Hurst Construction is offering a yearly \$500 scholarship to students in their respective high schools in the San Juan School District. The purpose of this scholarship is three-fold:

1. To promote the construction trades as a viable career option for young people entering the workforce.
2. To provide increased educational and work opportunities to students who have an interest in that career path.
3. To bolster the education community as they provide appropriate educational training.

One scholarship will be considered for each of the following schools:

Monticello High School
Monument Valley High School
Navajo Mountain High School
San Juan High School
White Horse High School

A scholarship is not guaranteed at every location every year. Each year the decision on a scholarship will be determined by the entries received and whether the applicants fulfill the requirements.

To qualify, the following criteria must be met:

- The student must be a high school senior graduating the year of submission.
- The student must be an active student in one of the above named high schools.
- The student must have interest in a technical or construction industry field– (project management, engineering, construction management, architectural design, welding, mechanic, etc.)
- The student must provide proof of acceptance into a college, university, or trade school.

Applications are due the last day of April.
