4. Homemade Granola Bars

This bar combines the wholesomeness of granola, in the convenience of a bar. Store-bought granola bars can be very expensive and often have too much sugar. In this recipe, I replaced the sugar with honey and maple syrup. You can also save money by purchasing many of the ingredients in the bulk department of a discount grocery store.

Ingredients

- 2 cups old-fashioned rolled oats
- 1 cup sliced or chopped mix of nuts, like almonds, walnuts, and pecans
- 1/2 cup shredded coconut, unsweetened if possible
- 1/2 cup toasted wheat germ
- 1/3 cup honey
- 1/3 cup maple syrup
- 2 tsp vanilla
- 1/4 tsp salt
- 1 1/2 cups dried fruit, such as cranberries, raisins, cherries, and chopped apricots

Directions

- 1. Preheat oven to 300 degrees.
- 2. Combine the oats and nuts and spread the mixture evenly on a rimmed baking sheet.
- 3. Bake for 10 minutes, stirring the mixture after five minutes. Keep a close eye on the granola; you don't want the oats and nuts to burn.
- 4. After baking, carefully transfer the mixture to a large bowl.
- 5. Stir in the wheat germ, coconut, honey, maple syrup, vanilla, salt, and dried fruit and thoroughly mix the ingredients.
- 6. Butter a 9 x 12 baking dish and line it with parchment paper.
- 7. Pour the granola mixture into the pan and press it down with a spatula to pack the granola tightly. If you don't pack the granola into the pan, the granola will fall apart after baking.
- 8. Bake for about 25 minutes or until golden brown.
- 9. Cool several hours or overnight before cutting into squares. Makes about 16 squares. Store the granola bars in a freezer bag in the freezer.

8. Fruit and Nut Breakfast Cookies

I can hear my mother now, telling me, "you can't eat cookies for breakfast." But even my mother would approve of these healthy breakfast cookies; they have dried fruit, nuts, and whole grains, and are sweetened with honey. You probably already have many of the ingredients in your pantry.

Ingredients

- 1 large egg
- 1/4 cup unsweetened applesauce
- 3 tbsp honey
- 2 tbsp smooth peanut butter
- 1 tsp vanilla
- 1 cup whole-wheat flour
- 3/4 cup old-fashioned oats
- 1/4 tsp salt
- 1/2 tsp baking soda
- 1/2 cup chopped nuts, such as walnuts, almonds or pecans
- 1/4 cup dried fruit, such as raisins or cranberries

Directions

- 1. Preheat oven to 375 degrees.
- 2. Beat egg lightly, and add applesauce, honey, peanut butter, and vanilla. Mix until combined.
- 3. In a separate bowl, combine the flour, oats, salt, and baking soda. Add the dry ingredients to the egg mixture and stir until combined.
- 4. Stir in the nuts and dried fruit.
- 5. Grease cookie sheet with butter. With a spoon, drop batter onto the cookie sheet and flatten slightly. Bake for 8 9 minutes. Makes about 20 cookies.
- 6. Make a batch or two and store in a freezer bag in the freezer.

Respectfully, CHR Sierra Fisher

Hello Tribal Members,

The weather here on the Rez is Hotter. Temps reaching 118 degrees. The humidity is high due to Monsoon Season. This is making for sticky workdays.

The Code Enforcement Department has hired a 3rd Officer. Isac Ochoa is a Chemehuevi Tribal Member that lives here on the Reservation. He comes from an outdoor recreational background and brings a lot of knowledge to the department. He is familiar with the landscape and has a lot of pride for his tribe.

Please make sure that your pets are cool during the hot season. A kid's plastic pool is a good option to keep the pets cool while outside.

Make sure to stay hydrated and keep cool. Heat Exhaustion and Heat Stroke can sneak up on you at any time.

Make sure to keep the clutter around your property cleaned up and organized. Snakes like these areas. If you use water or have standing water around house be aware that this is a prime location for snakes trying to keep cool.

Hello Tribal Members,

The weather here is looking like its going to rain, but its doesn't. A few sprinkles here and there. Humidity has been knocking at people's door. When the weather is

like this the pesky ants start to invade people's home. I have found that a spray bottle with a mix of water and dish soap does wonders. Especially if you have pets. No worries of your pets breathing in bad chemicals. Make sure your pet food is in an airtight container. They are also looking for water.

The department is also having issues with people not dumping their trash at Nuwuvi Park. Trash cans are provided with trash bags in them. We need the community to make sure that after visiting Nuwuvi Park. They need to remove the trash bag out of the trash can and put it in the dumpster as they leave the park. The trash cans have been getting over filled. Wild animal looking for a free meal make a mess of this situation. The wind also blows the trash into the lake and surrounding areas. Please leave the park in a better condition than you found it. If you see a Code Enforcement Officer, ask for a bag. Together we can make Nuwuvi Park great again. Pack it in, Pack it Out.

Respectfully Submitted, Frederick Rivera Chief Code Enforcement Officer
