No						Never use it so prefer not to spend a lot of HOA \$ on it.
No						Replace it with a pool
No						In our over 20 years here we've never used the sport court. When we first lived here you had to have a key to even access it. So not super useful for us at the time
No						
No						I often see people on the court who I know are not TR residents. Can a lock be put on the gate with either key or code access that's changed annually and a new key/code is provided each year upon receipt of dues?
Yes	Tennis	A few times a month	Yes	I have to wait some of the time	Satisfied	the only thing I would add is a simple sign at the door that says this is for the TimberlineRidge HOA use only.

Yes	Tennis	Less than once a month	Yes	I have to wait most of the time	Neither Satisfied Nor Dissatisfied	Most of the time people are considerate. I do know that this court is used by neighbors outside of TRHOA. I have mixed feelings about trying to control this. Not sure it is worth the effort as long as people are being considerate

Yes	Tennis	A few times a month	Yes	I have rarely had to wait	Very Satisfied	I prefer just to have a sign and not to have a key system. Most people are courteous. We could say one hour at a time if someone is waiting.

Yes	Tennis, Basketball, Pickle Ball	About once a week	Yes	I have to wait some of the time	Satisfied	I have watched several families get turned away, due to it becoming a dog park. In one case, It's sad to see a neighbor and is son stand and wait for (what seems to be an hour) to get on the court and to call it a night as the sun had gone down.  It's a sport court. Designed for tennis, basketball and pickel-ball. NOT a Dog kennel.  And BTW, i am a loving dog owner.  Side note: the grass area around the tennis court is a public space and pets need to be leashed, and not running free.
Yes	Pickle Ball	Less than once a month	Not sure

Yes	Tennis, Dogs running around	More than once a week	Yes	I have to wait some of the time	Dissatisfied	Tonight two people have been out there for more than two hours and are still there. Looks like a tennis coach and student. Does the HOA have liability insurance for professional tennis lessons to be given on the court? This is not unusual. Yesterday there were people there playing pickleball for several hours and their mini van was right next to the walkway. If they were from our neighborhood, I would think they would have walked. Our family went walking this morning and the private court in the neighborhood across from Mead has a lock on it. The court is in pristine shape. Homeowners take better care of HOA property than non homeowners. Would like to see a lock system implemented on our court. Lower usage equates to lower maintenance costs and more use for people who pay our HOA dues.
