VERB TO DO

In **VERBTODO** we are still committed to fill the streets with color and good vibes.

We have achieved an optimal ***sustainable material*** for our summer **scarves**. This is a collection with 2 styles: thin square scarf made with ***recycled fibers*** and long scarf made from ***organic cotton***.

We continue betting on sustainable materials for the collection of bags too. We bet on the use of ***vegan leather*** and ***recycled nylon*** with the same philosophy as always.

You can't miss our **new sport model bag** made with ***organic cotton*** either.

And, do you already know our new collection of ***organic cotton*** baseball caps? We know you love it!
