

Pre-Heat Check List

- ✓ Any loose clothing on the floor should be bagged and removed and/or laundered hot water, hot dryer +mins.
 - ✓ All medication needs to be placed out of the heated area
 - ✓ Any aerosol cans, including deodorant needs to be removed
 - ✓ Unplug all appliances, tv's, stereo equipment, clocks
 - ✓ Any wax product like candles, crayons, plants should be inspected/ removed
 - ✓ Oil painting should also be inspected and removed
 - ✓ Photos or pictures hanging should be secure (our fans blow hard)
 - ✓ Ammunition, powder, fire extinguishers should be removed from the home, guns are normally ok but must be unloaded. Use your own judgement.
 - ✓ If possible furniture should be moved away from the walls to allow air movement
 - ✓ Naturally, pets and tenants need to be out of the premises for the appropriate time to heat and cool the home (5-8hrs.)
 - ✓ Heat and AC units turned off
 - ✓ Loose and important papers should be put away
 - ✓ If possible remove clothing from dressers and de-clutter closets, underneath beds, and under sofas. Beds and sofa most importantly
 - ✓ Please be sure power is available to the company for equipment needed(3 prong)
 - ✓ Be aware plastic mini blinds may droop due to heat, remove or pull all the way up. We can't stop this side effect.
 - ✓ Pull out stored items stored under beds and remove bedding on the beds
 - ✓ Trash picked up from the floor, under beds, couches etc., So our fans do not suck it in.
- YOUR HOUSE WILL BE IN DISARRAY, when we're finished, sorry. It's too hot to move back But, we will do our best.

Other needs will be determined by the initial inspecting walk thru with the service technician. Your co-operation is vital to successful treatments. You can reach us by phone 417-782-1877. You will want to vacuum afterwards, carcasses (dead bed bugs) will be blown around during the treatment

Thank you
