Cobeal R46™ N95

PARTICULATE RESPIRATOR

FINE PARTICLE FILTRATION

BETTER FIT for BETTER PROTECTION and INCREASED COMFORT

Material Composition

- Thermoplastic Elastomer strap
- Polyester shell
- This respirator contains no components made from natural rubber latex
- Approximate weight of product: 0.25 oz.

Country of Origin

Made in Mexico

Use For

- Use for solid particulates and liquid mists in concentrations not exceeding 10X PEL/OEL
- Always follow *User Instructions* and use in manners as indicated

Do Not Use for

 DO NOT use for gases and vapors, oil aerosols, asbestos, arsenic, cadmium, lead, 4,4-methylene dianiline (MDA), or abrasive blasting

Approvals and Standards

- N95 particulate respirator
- Meets NIOSH 42 CFR 84 N95 requirements for a minimum 95% filtration efficiency against solid and liquid aerosols that do not contain oil.
- Assigned Protection Factor (APF 10) per US OSHA and Canada CSA.

Easier breathing and more comfort are what you get when you wear a Cobeal R46 $^{\text{TM}}$ N95 respirator mask. The larger surface area means more air flows in and out of the mask.

N95 PROTECTION.

95% efficient against solid and liquid particulates, excluding oil-based particulates.

MORE COMFORT. MORE USE. MORE DURABILITY.

The unique R46™ N95 design moves with your face for comfort all day long. More comfort means more compliance. The shell design provides an added layer of protection from heat and humidity, so your mask lasts longer. Longer use means less waste and lower costs.

- Exclusive easy-breathing design
- OSHA compliance
- Moves easily with your face and stays in place
- Shell resists heat and humidity
- Increased comfort and durability
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1

This respirator helps reduce exposures to certain airborne contaminants. Before use, the wearer must read and understand *User Instructions* provided as part of the product packaging. Follow all regulations.
