■ Why Take a Shuttle?

- Parking is limited. Even with a valid tag, spaces are first come, first served.
- High visitation. The Smokies are the most visited national park in the U.S. – busier than Yellowstone, the Grand Canyon, and Yosemite combined.
- Popular spots fill quickly. Shuttles save you time, reduce stress, and help protect the park.

■ Parking Capacity at Popular Destinations

■ Visitor Tips

- Arrive early during spring, summer, and fall foliage season.
- Always carry water, snacks, and proper hiking gear.
- Follow Leave No Trace principles – pack it in, pack it out.
- Do not feed wildlife – especially bears. It's dangerous and illegal.
- Shuttles reduce traffic and protect the park's natural beauty.
