

Good afternoon January,

I was forwarded your inquiry from our Public Room. Thank you for contacting BLM. We appreciate you taking the time to engage our organization about our land management practices.

Here is our Utah specific site where you can find all of the resource management plans governing how we manage over 22 million acres of multi-use public lands. <https://eplanning.blm.gov/>

Thank you again for reaching out!

Blake Johnson

Public Affairs Specialist
