

A guestbook that *draws* your guests.

The Interactive Portrait Guestbook turns every guest’s selfie and message into a hand-drawn caricature, sketched live and printed on the spot.

BEFORE & AFTER

One selfie in. One keepsake out.

Each guest’s message appears right in the drawing.

HOW IT WORKS

Five steps. No *line*, no *fuss*.

- 1 Scan a QR code**
Guests use their own phone camera to jump right in.
- 2 Take a selfie**
One quick photo, right from the guest’s phone.
- 3 Add a message**
A wish, a joke or advice for the couple.
- 4 Watch it being drawn**
The portrait is sketched live, and guests gather to watch.
- 5 The photo prints**
A finished keepsake in hand before they head back to the party.
