FOCUS AREAS

The City has identified 10 Focus Areas to consider the development and redevelopment potential.

PLANNING DOCUMENTS (I)

Comprehensive Plan:

**Comprehensive Plan (Plan)
2017**

**Future Land Use Plan
(FLUP) 2017**

Zoning 1981

**Subdivision Regulations
1974**

- Text
- Future Land Use Plan
- Envisions the build out of the city & ETJ
- Engages the community to create a vision and sets goals for the next 10 years
- Includes character, land use, hazard mitigation, infrastructure, mobility, economic development, open/green space, etc.
- Presents implementation strategies
- Serves as a guide for property uses, location, and ZONING

PLANNING DOCUMENTS (II)

Chapter 211 of Texas Local Government Code grants power to municipalities to adopt and enforce zoning regulation

Zoning:

- Enabling document
- Addresses uses, specific development standards (landscaping, setbacks, density, building height, fencing/screening, etc.)
- Rezoning must conform to the goals/policies of the Comprehensive Plan

Important to have a clear, up-to-date, relevant Plan to guide rezoning recommendations and decisions

PLANNING DOCUMENTS (III)

FLUP provides guidance on the development of parcels in the ETJ.

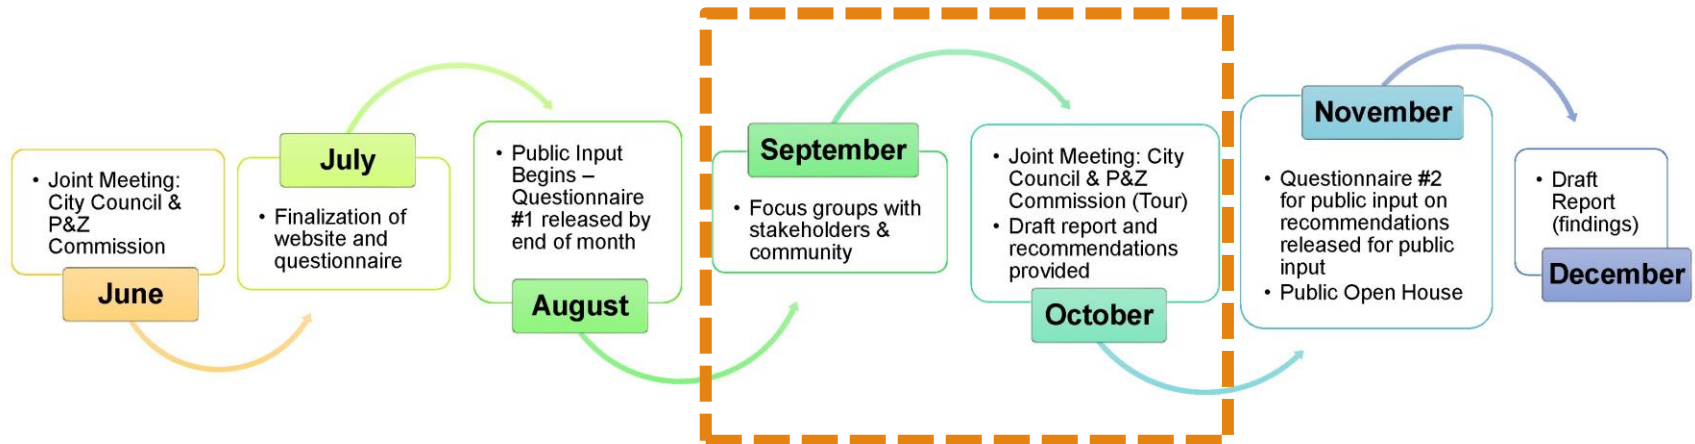

In Texas, zoning is not authorized outside the jurisdictional limits of a city or town.

FLUP (Includes ETJ)

Zoning Map (Excludes ETJ)

PROJECT TIMELINE

IDENTIFIED CONCERNS (I)

COMPREHENSIVE PLAN

- **Estate Character** needs to be clarified.
- Priority - determine zoning for vacant land.
Build out the **remaining parcels** of land.
- Consider not just development of the property; look at it from a perspective of **utilities and road** construction.
- The Fort Bend Toll Road, Highway 6 corridor is very hot in the **market**.
- Texas Parkway can be a **gateway** to the City.
- Prioritizing inclusion and **diversifying the types of businesses** on main corridors.
- From the 90s to present, zoning amendments have largely been developer led. A developer tends to work with staff and the policies in place, but the **City** has not taken the **lead** for **more current zoning actions**.
- Identifying appropriate locations for land uses that may result in **tax exempt properties** (Schools, religious & governmental facilities).

IDENTIFIED CONCERNS (II)

REDEVELOPMENT

- **Redevelopment policy**: there is some policy reflected in the current Comprehensive Plan on redevelopment, however there are **gaps**.
- An actual **redevelopment policy** or guidance for some of the **older parts** of the City should be included in the Comprehensive Plan.
- City's policies don't keep in mind **smaller lots and older urban areas** (landscaping and aesthetic requirements that older corridors don't align with).

ZONING

- **Zoning districts** did not change accordingly to **match the Comprehensive Plan**. If a developer comes in and wants to develop a piece of land, they may receive a favorable look from the policy and goals of the Comprehensive Plan, but they still have to go through a zoning process.
- Changing the zoning to discourage **businesses that aren't desired**.
- **Improve** public notice timeframe and outlets.
- **Clarify Suburban District** (SD) classification.

IDENTIFIED CONCERNS (III)

EXCERPTS FROM JOINT P & Z AND CC WORKSHOP OF JUNE 25, 2024

- Adopt **tailored guidelines for redevelopment** for infill lots (setbacks, landscaping, etc.)
- Address **adjacency of incompatible** zone/use (single family next to hotel)
- Consider **enhanced landscaping** and buffers (corridors)
- **Relax requirements** for older corridors
- Include **new uses** not addressed in the Comp. Plan (civic, infrastructure, cell towers, etc.)
- Assign **land use character district for Suburban District** (SD) classification based on vision in the FLUP to guide rezoning decisions.
- **Enhance open space**, parkland and environmentally sensitive areas
