A note about fees from the Pacific NW Scent Work Club *The first trials in the Pacific NW were more than five years ago. We know so much more about the effort and space required for a quality all breed and all element scent work trial than back then, but the fees have stayed the same. Just as everything else is going up since the pandemic, it's time to raise fees for our scent work trials or start offering less. So yes, it's going to cost a bit more for our events. But because we have, we are able to offer a more convenient and comfortable staging area for everyone and well qualified friendly judges. Thank you for your continued support of our events.*

CLASSIFICATIONS

Novice A Classes are open to dogs who have not completed any title for that particular element, who have not completed a comparable title with another organization, and whose handlers are neither Scent Work judges, nor have ever worked as professional detection dog handlers.

Novice B Classes are open to all dogs.

Advanced Classes are open to dogs who have achieved the Novice title for that particular element.

Excellent Classes are open to dogs who have achieved the Advanced title for that particular element.

Master Classes are open to dogs that have achieved the Excellent title for that particular element.

Detective class is open to dogs who have achieved a Master title in any Odor Element.

Handler Discrimination classes are titling classes in which the targeted scent is that of the handlers themselves. Handlers are required to provide their own scented articles in a plastic bag. For the Novice class, one cotton glove or cotton sock, for Advanced, Excellent, and Master, cotton balls or cotton swabs. Three qualifying scores are required to earn titles in each class. Handlers may utilize any method to scent their article except by applying oils used for Odor elements. Suggestions include rubbing the article on the handler's body or storing the item in dirty laundry.

Dogs may enter up to **two (2) difficulty levels in each element**, in each trial. Dogs may only enter a class once in each event. A class is defined as a particular difficulty level within a particular element, *For example, a dog may run in both Novice B and Advanced Interior in the same trial, but may not run in Novice Interior twice in the same trial.* **Dogs may only enter classes** for which they are eligible according to the above guidelines. Dogs that have previously earned the same or higher level AKC Scent Work titles may also enter lower level classes.

SEARCH AREA AND RING CONDITIONS

Search Area Conditions. Searches may be indoors, on matted, carpeted, or tiled surfaces, or outdoors on grass, gravel, earth, concrete, or asphalt surfaces. This facility is ADA accessible throughout.

Search Area Sizes Refer to the Scentwork Regulations for search area sizes and other requirements. Search areas may be of any shape and of the size specified in the Regulations for each class.

Exhibitors MUST check-in for each trial in which they are entered. *Time listed are approximate and may change after entries close or on the day of trial. Check schedule included with your entry confirmation to be sure.*

Public restrooms will also be in this area. **Crating space** will be available on first come first claimed basis; gear may be left inside overnight. Please be considerate of other exhibitors and make economical use of the available space. *Reactive or noisy dogs may be asked to stage from their vehicles.*

Warm-up Area One labelled container per target odor being used in the trial on that day will be placed in the warm-up area. This will allow handler-dog teams to prepare themselves for the search prior to their run. Each team should limit their warm-up to two minutes or less so that others may be able to use the warm-up area as well. The warm-up area is not for training or relieving of the dog. (Chapter 5, Section 34 of the Scent Work Regulations).

Trial Site. It is not appropriate to scout the trial location prior to the trial date. Many search locations are real-life environments and such visits may risk the host losing the opportunity to use the location in the future. (Chapter 3, Section 15 of the Scent Work Regulations).

Chapter 5, Section 35 of the Scent Work Regulations state "No person other than those engaged in the administration of a trial shall be in possession of any target odor when on the trial grounds.
