FARM OF THE MONTH

Fruit World in Reedley, California is where co-founder Bianca Kaprielian grew up immersed in farm life and developed a deep respect for the land and sustainable agriculture. In 2017, Bianca founded Fruit World as a way to support her family's farm, and it quickly expanded into a trusted partner for family farms across California. Today, the company is proudly woman-owned and operated, Bianca is joined by her sister Angelica, their father Craig, and a dedicated team committed to preserving the future of family farming for generations to come.

Guided by values like transparency, accountability, teamwork, and striving beyond "good enough," Fruit World puts sustainability first—from farming practices to packaging—ensuring a healthier environment. With passion, collaboration, and positive energy, the company is committed to doing right by growers, customers, and the land.
