

Oluna’s Services: When You Get There

Main Street

Each of the local Queens have a Main Street where they can build their own community soul repairs. Where ever you go, you can find the Main Street and go in for your repairs, collection and healings.

Fire Courtyards and Landings

When you get to Oluna, please stop by our Fire Courtyards to be cleaned of substances, bad people and others. Please ask to turn on the fires and you will be cleaned up to the best of our abilities. Feel free to help if you can with soul repair and baby repair.

Weighing

Please go to weighing to be weighed for your rooms. We will make them according to your karmic level. Please know that we don’t have much choice in the matter, but we will make accommodations if you have been a good person or are working with the Gods on the Wars, etc.

Rescue Bubbles

We can send you a rescue bubble or a fleet of rescue bubbles to save our community. Please just let them know that you have needs and we will arrange a rescue accordingly. We can send them to you or to where you would like them to go. Please know that the Gods, Goddesses and Rathi must activate them so you need to have a supervisor on your team. We love you, be well.

Check-In

Please come to Check-in to find out where you go in the Afterlife. This will be based on your karmic level.

Concierge

Please see Concierge for access to your rooms. We will also provide you a little gift on your way up.

Rooms

Please go to your rooms to check in and decompress. You can now go to the front desk and be placed at a room that’s good for you. We tried to make rooms easy to find, and you may set up portals between your favorite places so you can go to them frequently. Please feel free to sit down and write, you may sleep whenever you want to, eat food from the feast, and invite your family and good friends over.

Showers

Please clean up before you enter a different part of Oluna. It is important that you do not take the enemy

with you. Make sure that you weigh yourself and incarcerate anyone who is committing a crime. They will try and commit crimes with you. You may take a shower and make sure that they are in working condition for the next group. There are water showers for cleaning, and fire showers for soul cleaning.

Clothes

Please make sure that you are well cleaned and dressed for whatever you may be doing next. We recommend, work, healing, sleep, collection and school. You may ask for new clothes, robes and warm clothes when needed.

Feast

Please go to the feast whenever you are hungry. We can make you whatever you want. We have breakfast, lunch, tea, dinner, desert and snacks available at all times. We have a rolling buffet around the clock. You may ask for a delivery to your work, play or home. Please just let the kitchen know what you need.

Gifts

When you come in you will be given a map, a book for writing about your experiences and a backpack to keep your stuff in. These double as rescue bubbles so feel free to use them kindly. When you check in at concierge at a Main Street you will be given a soul repair room and a blanket. You may ask for a towel if you need one to shower. Please have a lovely, healing time.

Accounts Rooms

If you work for us and you are on payroll, please feel free to check on your accounts rooms and make sure that everything is there. If it is not, we will find it and take it to evidence to be checked. It will either be placed back or replaced because it has been stolen.

Evidence

If something has gone missing or has hit someone it will be taken to the Evidence departments for checking and then reports will be made. The perpetrators will be sentenced while they stand trial and we will send them to the hells.

Hells

There are Hell Zones where prisoners go when they have been bad. They are based on the severity of crime and will not be released for the duration of their afterlives. Please know that there are sorters now. Everything is based on your Karma Level. Please do not do anything bad now, everything counts.

Criminalization

If you see someone doing something bad please say so by saying “Criminalize” our loud. Our law rooms will handle it.

Hell Bubbles and Incarceration

We can send you a hell bubble or a fleet of hell bubbles to pick up your prisoners. Please make sure that they have been sentenced ahead of time. You may also say “Trial” and we will move to court. A God will sentence them completely with all of their records evidence and information. You may put them in the middle of lower Oluna and we will arrange them appropriately. You may even toss them in the sorters.

Mazes

You may have prisoners roll through the mazes so that we can see which punishments they need. The mazes sort them by lower Karma level so they will end up where they deserve to. They might also be transfered using this method if they have sentences in another part of the Universe.

Security

Please make sure that you follow the rules and you only go where you are supposed to in Oluna. This is for everyones’ safety so please go up if you are good, and down if you are bad. You will be rewarded for your good deeds and punished for your bad deeds. This is how it will be from now on.

We have been working hard to ensure your safety. Please make sure that you clean up before you continue into Oluna so we can make sure everyone is doing what they are supposed to by Karmic Law.
