

Messiah Udo Rathi Moonson's Spiritual Law

**Lokah Samasta Sukino Bhavantu- A Sacred Sanskrit, Hindu Mantra
May All Beings Everywhere Be Happy and Free From Suffering**

It is illegal to hurt another being.

- Spiritual Management, 11:36PM 5.20.2025 Earth, Sol, Luna.

Please heal rather than hurt.

Those who do not hurt others will receive no punishment.

Those who heal others, will receive a reward.

You may defend yourself in most circumstances.

Because everything is alive, we honor animals, people, places, things, nature, celestial and spiritual.

You are not allowed to hurt another being, especially if they do not deserve to be hurt.

This includes crimes such as rape, murder, theft, harassment, injury, misplacement, war crimes, etc.

Those who hurt others will descend towards Hell and begin punishments and sentences which fit the crime which they have committed against another. Jail and Hell are not out of the question.

You are allowed to punish someone who has committed a crime or violation against another.

It is unethical to not condemn this kind of violence.

Here is the general schema of where good and bad people go, so we know for the future.

Management	Great and Amazing Souls
Afterlife	Souls
Valhalla	Heros
Heaven	Good Souls
Earth/Planetary	Good Citizens
Jail	Criminals, Lawbreakers, Fellons and Illegal Activity
Hell	Bad Souls
Underworld	Lost Souls
Darkness/Shadow	Quiet but Bad Souls
Penitentiary	Dangerous Souls
Loony Bins/ Padded Cells	Crazy Souls
Solitary	Annoying Souls
Void/Black Holes	War Criminals
Transfers	Hard to Handle

Please know that it will remain illegal to hurt or injure another so use your life wisely to care for others.

You must pay if you have caused a break, injury, destruction or a name.

This is because there needs to be an equal exchange for healing costs including psychological damages.

It is best to live a life in service to others, spirituality, nature or God and the Goddess.

Please do not hurt others. Lyra Wars 2020 was too intense for Earth. Everyone died everyday for 8 years.

Please care for others, yourself and your family. Uphold this sacred law.
