Spiritual Warfare: Demonic Realm

During the war there are a few enemies that you will face. Beware.

Implants

As far as we know, the government or some such entity is chipping the public with items that are capable of doing mind control. We must not let them continue. They are not allowed to chip the public until they have to live in a fake world where everyone has to play Get Out for white supremacists.

Chipping

Chipping can come in many forms. It can take place all over your body. They have experimented on us for 5 years or so, in the name of technological advancement. They are very hard to remove. We must remove them as quickly as possible as whomever is chipping, has stolen so much information that we are in danger. We must make sure that we are back to our natural state of nakedness within for our spiritual growth. Please pray to God to remove the chips, implants and other tools. We think this is the best way.

Demons

They have called demons to do their bidding. They have followed, but they are liars. We do not know which side the demons are on. Please use your discernment wisely.

Greed Demons

We are having a problem with Greed Demons which are a tougher type of demon. They play on your emotions to either inflate or drain your bank account. They will cause turmoil and harmful activity if left to their own devices. They must be stopped.

Imposters

Beware of imposters. They are always in disguise, one way or another. You must keep your wits about you because they already have some sort of plan in action to deter you from the higher goal of goodness. You must make sure that you understand the situation and everything involved fully, before considering your course of action. Please make sure that you do not cause harm under a belief that is not fully truthful. Take moments to evaluate the situation completely before you consider your plan of action.

Politicians

Politics is not real. Green and Eco Anarchy is the true way. We must make sure that we consider our options as we move forward. We want to make sure that leadership is at its utmost honest and truthful, so that we can be free peoples as we live, united, under God.

Witchcraft

Witchcraft is not allowed to disrespect the Gods. If your practice does not honor the Gods, then it is false. Please know that your practice is not allowed to lead you to the dark side. If it does, you have fallen for their programming and must reevaluate your choices in the war.

Entities

Entities are often sent by bad people. They can watch you in the darkness. They attach to your soul and soul body and need to be removed by a professional. If you find yourself plagued with entities, please pray to God for help. “Oh Lord, please help me remove any entities or bad spirits which might be holding me back from a successful day/life. Thank you, Amen”

Parasites

Parasites are similar, but they come from a different planet where they evolved from bugs and other parasitic insects including disease. Please say a prayer to remove them. “Oh Lord, please help me. I need all parasites and parasitic entities, etc. To be removed from my body, life, soul and more. Clear any infestation and please let me heal. Thank you, Amen.”

Sprites

Sprites have no respect for personal property. They will injure, hurt or break something that is electronic and very important. They either don't want you using it, want you to have less, or they want to break it entirely. Please put them away by saying the following prayer. “Oh Lord, please put away any sprites that might be harming my life, my belongings or my spirit. Please help me to clean my life of any negative spirits or sprites so that I can live freely. Thank you, Amen”

Tricksters

Tricksters are very hard and annoying to get rid of. Please kill them if you are having a major problem with them. We do not mind. We are expecting them in Hell.

Vampires

There are two types of vampires. There are ancients and then there are new vampires. New vampires are a menace and lack the right leadership. They are unruly and will begin to destroy if you let them. Ancients hold sacred knowledge, while new vampires are food.

Undead

Very rarely, but sometimes there is a huge problem where someone is kept alive after death. There are many reasons for this but one of the main reasons is to destroy life. Please know that you must use the utmost discernment for your safety. We must preserve life and we must make sure that the Undead are put to rest properly. Their souls might come back in their strange state and they must be dealt with swiftly and justly. Some undead are friendly, but many are violent.

Zombies

Zombie Apocalypses do not happen very often, but when they do it is usually a result of reviving someone after they have died. Sometimes this comes from a lab, but more recently, someone has found a way to revive the brain to an unconscious state, where they are being controlled by souls from another planet. It is hard to believe, and we need more research, but please be on the lookout for anything strange. Please alert God when there is a Zombie Apocalypse. He will do his best to help.

“Oh Lord, there is an Apocalypse. (State what kind). Please help us rectify this situation so that good life can thrive once again. Thank you, Amen.”
