

HOW TO GET SLINGSHOT KEY

There is a lockbox located behind the passenger seat. Simply use the lever on the side of the seat to flip the seat forward. Enter the code that was texted to you and open the lockbox. Please return the key using the same method upon vehicle drop off.

HOW TO START SLINGSHOT

Turn the key in the ignition, hold down the clutch pedal and push the start button under the radio (red button). Make sure parking/emergency brake is down before driving off!

HOW TO USE STORAGE COMPARTMENTS

The glove box compartment is located on the console in front of the passenger seat. Press and release the latch button to open the door. A larger storage compartment is located behind the passenger seat. Tilt the seatback forward to access. When unlocked, pull abruptly on the tab located above the lock to open the door. Close the door and tap each corner abruptly to engage the rubber compression plugs and lock. **SlingShottaz LLC is not responsible for any of your personal items left in the vehicle.**

HOW TO SETUP BLUETOOTH AUDIO

Press and hold **MODE** to access the audio menu.

Press and release **MODE** until the "BLUETOOTH SETUP" is displayed.

Press and release **PRESET** to access the Bluetooth Setup Menu Options.

In the Bluetooth Setup Menu, press **TUNE+ or TUNE-** to scroll.

Press **PRESET** to select **DRIVER DEVICE**.

Press **TUNE+ or TUNE-** to navigate through selections until the device you want to configure is highlighted. Press and release **PRESET** to select device.

Press **TUNE+ or TUNE-** to navigate to **MUSIC**. Press and release **PRESET** to display the music mode menu.

Press **TUNE+ or TUNE-** to navigate to **DEFAULT**. Press and release **PRESET** to make the selection.

PARKING SLINGSHOT

The park brake lever is located between the seats. To help prevent the vehicle from rolling, engage the park brake when the vehicle is parked. When the park brake is engaged and the park brake indicator is illuminated, the vehicle will not move. **Always apply the brakes before engaging or releasing the parking brake. We highly recommend backing into parking spaces since the front sits very low to the ground and you can risk damage by hitting curbs/parking space stoppers.**

REFUELING SLINGSHOT

The fuel tank filler cap is located on the left side of the vehicle, on top towards the rear of the driver seat. Insert the fuel nozzle into the fuel tank filler neck. **HOLD ONTO NOZZLE WHILE FUELING! Fill tank until the pump stops. Do not overfill. USE 91 OR 93 OCTANE FUEL ONLY!**
