

Dear County Committee Members:

Together, we made history last month when the Middlesex County Democratic Committee elected East Brunswick Councilman **Sterley Stanley** as its new Assembly member in the 18th Legislative District. Assembly Member Stanley was sworn into office on January 27, 2021 as the first ever South Asian-American from Middlesex County. Many of us had the honor of attending his ground-breaking swearing-in ceremony at the Capital in Trenton. We should all take pride in this accomplishment.

Assembly Member Stanley joins our stellar incumbent legislative team of Senator Patrick Diegnan of South Plainfield and Assembly Member Robert Karabinchak of Edison. Our municipalities are very fortunate to have such strong advocates in Trenton. Together, they provide fair and equitable representation for our entire district.

From working with municipalities, hospitals and non-profits to address the COVID-19 pandemic to fighting for additional funding for our schools, the 18th District delegation has made a marked difference in the lives of our neighbors. They have been leaders in furthering progressive environmental legislation, including bringing home funding for clean water and local infrastructure projects. They have led the fight to provide equal pay and sick pay, minimum wage increases, environmental justice, and legislation preventing discrimination and promoting equity and equality.

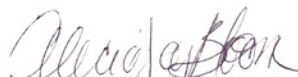

Assembly Member Stanley will be part of a team that has already accomplished so much for our towns. He joins Senator Diegnan and Assembly Member Karabinchak in fighting for our district's priorities, ensuring that our towns get their fair share of state funding and creating a better quality of life for all our residents. Senator Diegnan and Assembly Members Karabinchak and Stanley are exactly the leaders we need to continue representing us in Trenton.

We respectfully ask for your continued support of our incumbent legislative team of Senator **Diegnan**, Assembly Member **Karabinchak** and Assembly Member **Stanley**. The strength of our representation in Trenton depends on it.

Sincerely,
