

Dear Fellow Democrats:

We are proud to endorse **East Brunswick Councilperson Sterley Stanley** to be the next Assembly member from the 18th Legislative District.

Each of us knows Sterley well and can attest to his character, his values and his care for every resident he represents. He is exactly the kind of public servant who will always look out for the interest of our district. This district is also home to one of the most diverse communities in our state and it is time that our Statehouse delegation reflected that reality.

Fairness also dictates that all three members representing our district come from separate towns, which is why the senator and both Assembly members have always come from different communities. That formula has served us well to ensure that all our residents have an equitable voice in state government.

Please join us on **Tuesday, January 12th**, to support **Sterley Stanley** as the next Assembly member from Middlesex County.

MIDDLESEX COUNTY CLERK
Nancy Pinkin
(FORMER LD-18 ASSEMBLYWOMAN)
