

Dear guests!

As we have already informed you that we do not have a permanent reception and our general check-in time it lasts from 15:00 to 17:00, but the receptionist will be at the guesthouse until 19:00 at the latest. If only after 7 p.m. can only arrive, then we can offer the following solution. If in **advance** agree with our reception and you send us a high-quality photo of your documents, identity cards back side (not with a photo) and the front side (containing the address) of the residential address card and the for foreign guests, the exact address and zip code as well as their telephone number, then we will give you the opening code of the **keybox** in which you will find your key.

Your key opens the backdoor, the front door and your room. Please close them after arrival.

Since you will not meet the receptionist at check-in to inform you of the house rules, we will send them to you to avoid misunderstandings.

Sincerely yours

City Stuff
