

Good morning everybody and thank you for paying attention to my campaign by coming this morning to Notre Dame Education Center. My name is Frank and I want to take care of this city. This center gives me many opportunities to improve all things I hope to attend in this country. As an immigrant I chosen to live in Lawrence and I noticed a lot of problems to solve in this city. That why I made this choice and choose to be a Mayor.

First of all I would like to build more universities in which we can have less students in classroom who can get more knowledge. I would fixe new rules and create a new recruitment services for students who have gotten new diploma. Secondly I would change the insurance medical policies to reduce charges. I noticed that our city have more insecurity days and nights that what I would reorganize police department system to stop crime. I would fix a lot of garbage can on the street and recruit people who can pick up garbage. I would also build buildings to find a way to help homeless, and then I will convict the city hall to reduce taxes. I noticed also that Lawrence has a lot of vehicles but less parking area. For that I would widen the streets and create parkings.

Vote for me if you want to live in quite neighborhood and ensure your future.

Vote for German

These my offers if you vote with me

Good afternoon my name is German I am citizens the Lawrence and I
candidate for next election I want to help in improve our City if people of Lawrence vote

I will down crime I would reorganize Police Department and putting more police on all
the street the Lawrence so could have control the people in the city.
I will raise more money for help children and senior sick.
I will build more sports place for children can practice any sports.
I hope you like it and vote for me.

Good evening my name is Vivian , thank you for coming tonight.

I am very grateful for give me the opportunity. I live in Lawrence since 2009. Always I have a concern how to ours people live and how to raise up the level.

My agenda is build more school and recreation park, give more incentive ours children to practice sports. I would build more basketball, baseball, soccer court.

I would clean up the streets, I increase environmental awareness,

I decrease gang violence put more police to vigilance the streets,

I will make sure your tax dollars are used to remove the snow, salty the streets in the winter, I would fix the streets are in bad conditions.

Vote for me on Election Day and you will have a wonderful and great city, you will be proud for live in Lawrence.

God bless you.

You next major Vivian
