President's Message

Phil Hublitz

President, Ptarmigan Ski Club

COVID-19 is upon us as we hunker down...

The ski season was over much faster than we wanted it to be but, in some ways, it was one of the best ever. We had 8 ski trips from Panorama to Garmisch-Mayrhofen, all with great snow conditions; look for additional reports in this issue. The trips I participated in had some blue bird days and plenty of snow. Great memories to reflect on as we hunker down during this worldwide pandemic. At least one couple, Harvey & Carolyn, who returned sick from France in March, needed to be isolated and tested for the virus. They went through hell to get it done and waited 5 days for the results, but in the end, tested negative, hooray.

Most of us are retired and sit in a better position to weather this storm than the working stiffs (we have some) and the poor. Yes, the market is down big time and hopefully you will not have dig into your accounts before the recovery - and that recovery will come. The \$2.2 Billion relief package should go long way to help those who need it.

In the meantime, we will suspend all of our social gatherings until it is safe. The other day I met with several Ptarmigans at Illick's Mill in the pavilion practicing the 10-foot rule with packed lunches and a few beers. We need to practice the social-distancing until this is over and if occasionally a couple of us get together outdoors, I see no harm. The best thing to do is to communicate by email, texting, Facebook, Instagram and phone. As soon as this is over, the dancing, parting, golfing will commence. Spring is here so you can hike, walk, bike, fish, garden, do that home project you have been putting off or exercise in any way you like as long you keep your distance from others. I know that this is the diametric opposite of how we operate but we will be back together before you know it. Wash those hands and get out into open air when the weather is good. Hang in there and stay safe.

PTARMIGAN CLUB SKIERS ARE IN ALL THEIR GLORY OUT NEAR GUTHSVILLE, where the best skiing in the club's history was under way last night . . . SKIING UNDER 'LIGHTS MADE A BIG HIT LAST NIGHT, and the rope tow was getting a real workout . . . NO REPORTS OF ANY BROKEN BONES, EITHER.

Grindelwald & Luzern, Switzerland January 24-February 2, 2020

Trip Report by Catherine Chrapacz

It was seven years since the Ptarmigans went to Grindelwald, Switzerland, in the heart of the Jungfrau Region. On that trip, Tony & I got engaged. This year we celebrated the anniversary of our engagement here in Grindelwald and another couple, Elizabeth & Martin, chose the same venue for their engagement proposal.

Per Elizabeth, they both took the gondola up to Männlichen and Wengen. She never saw anything so beautiful. She took a panorama 360 with her phone. When she looked up from her phone, Marty was on his knee and asked her to marry him. It was the most beautiful proposal in the most beautiful place on earth. Congratulations to Elizabeth & Martin!

There are three resorts in one: Grindelwald-Wengen that includes: Kleine Scheidegg, Lauberban & Mannlichen; Grindelwald-First; and Murren-Schilthorn. Grindelwald is situated at the center of spectacular high mountains and glacier regions. Grindelwald village is at the bottom of the Eiger.

There are 45 ski lifts, 5591 ft. of vertical and 128 miles of ski area. The infamous Eiger is 13,026 ft high. The bottom of Kliene Scheidegg has great views of the Eiger which is the highest peak in Grindelwald. The Jungfrauoch, with a restaurant and museum known as the Top of Europe, is at 11,333 feet above sea level and 9,473 feet above the town of Interlaken.

Switzerland had a great base but needed some new snow at the end of January. Grindewald Ski Resort did get fresh snow on the 2nd day. The wind was so bad, the lifts closed for a day. Due to the great train system, a lot of us took a quick 35-minute train ride to nearby Interlaken, a town between two lakes, which is the economic and cultural center of Jungfrau Region. A few of us stopped at the Famous Victoria-Jungfrau Grand Hotel where 20 francs (\$21) for a drink is a standard. Shopping and eating in Interlaken at the Grand Hotel was fabulous as well.

At the top of the Schilthorn the Piz Gloria, a rotating restaurant, has a very impressive 360-degree panorama. Great stop for a great lunch and view. The restaurant also features a James Bond 007 Museum and Walk of Fame. This Restaurant was famous for the James Bond movie; "On Her Majesty Secret Service" where Bond skied off the restaurant onto black diamond terrain. The Hotel Bellevue at the Kleine Scheidegg for the Clint Eastwood's movie "The Eiger Sanction". Great place for photos for your memory book.

The Jungfrau Railway, the highest railway station in Europe runs every 30 minutes and takes you from Kliene Scheidegg to the Top of Europe (11,332 ft above sea level). The train ride is approximately 5.6 miles long and takes about 40 minutes. In addition to the restaurant, Top of Europe includes Ice palaces, the Alpine Sensation and the Spinx Observation Deck where you have a great view of the Swiss Alps. What a beautiful train ride to the skiing region and the Top of Europe.

The Derby Hotel is located next to the train station. It was quite convenient and easy to hop on the train or bus to get to the ski resort of your choice or to Interlaken. The food at the Derby was great, from the breakfast choices and dinner menu daily. The Party room on the top level, was a plus for our group, thanks Doug and Tim. The Derby Hotel has a 2nd restaurant, the Cellar Restaurant Cava which specializes in Fondue. Our group of 44 had a special Fondue Night with filet mignon and cheese fondues on each table. Each table had several fondue pots with plates filled with special condiments of sugared peppers and onions, etc. What a delightful evening, after Fraulein Uta brought the cheese fondue to us.

Several people ventured out to Bern Switzerland, which is a 1.5-hour nice train ride through Switzerland. Bern is the Capital of Switzerland. Bern is known for their medieval centre of over 3.5 miles of arcades, upscale shops, bars, cafes, restaurants, and 11 renaissance fountains. The astronomical clock, Zytglogge, a clock tower, is another 800-year landmark. Every three minutes before the hour a circus of mechanical creatures come out to put on a little show. Another great day trip. A must see.

Lake Lucerne was our last day in Switzerland. Another lovely city around a lake and many sites to see. The Chapel Bridge dated back from the 14th century located in the old town, Jesuit Church also dated from the 16th Century, and Lion Monument- the lion represents the Swiss Guard, which was massacred while trying to protect Louis XVI at the Tuileries Palace on 10 August 1792 during the French Revolution. Many shops and restaurants to choose from to get your last minute souvenirs.

Another great European Ski Trip. Lots of skiing, group dinner parties, and après parties. I am glad we all arrived back home safe and healthy. Hopefully Skiing in Europe will be back to a normal state next year. We have to pray for America and our European Ski Resorts.

Trip In Review - Sunday River, Maine Sunday, Jan 26 – Friday, Jan 31, 2020

By Vicki Morris

The week trip to Sunday River took place Sunday, January 26 to Friday, January 31. This was Senior Week at Sunday River with lots of activities scheduled during the week.

We had 13 new people join us for our 25th Annual Trip this year. We had a fantastic week of great weather, fabulous snow and good times with fellow skiers!

Tuesday night we had a group dinner with 33 people at Rooster's Roadhouse with 23 of us feasting on Maine Lobster! Wednesday night there was a pizza party for the group with enough door prizes that everyone got something. Barry Miller was the winner of a \$125 Gift Certificate that was donated by Sunday River Ski Resort Leisure Sales. Everyone enjoyed a great week of skiing and seeing friends we haven't seen since last year's trip.

A **Very Special Thank You** goes to everyone who donated all the great door prizes for the pizza party Wednesday night.

Thanks to everyone for another great trip.

Val Thorens, France Ski Trip Sat Feb 1 – Sat Feb 9, 2020

By Phil Hublitz

The question was could the perfect experience of the ski trip last year be repeated? The Trois Vallée Domaine in the Savoie region of France is the largest ski area in the world. With 180 lifts and 400 miles of one Piste trails it is an experience to be had. The Club Med Sensations is only 4 years old and its chef holds a Michelin star. Not a bad start, add entertainment and dancing every night and what else could you ask for, how about the best ski instructors in the world (école du Ski Fédération) adding 6 hours of instruction and guidance for 5 days into the mix. Throw in 18" of fresh powder (one day white-out), 3 days of blue bird skies and voila, what do you have, another perfect trip. As an all-inclusive resort, you will not spend another dime, except to tip your instructor extraordinaire, Vivre la France...

Winter Park Ski Trip

By Phil Hublitz

I hadn't been back to Winter Park since 1986, didn't remember much and was hoping for the best. Turns out this area of Colorado had nearly 300" of snow and weather, we here in the East would die for; man, it was cold. Winter Park is divided into three areas: Winter Park, Mary Jane and Vazquez; the Parsenn Bowl rising to 12,000 feet. The snow conditions were superb, after a one-day blow-out, multiple blue bird days. There was plenty of challenge for every level of ability with steeps and deeps, bumps and trees. My favorite runs were Mary Jane (the trail, in the area) and Sleeper, they seemed to drop forever. Yes, that last day we hit nearly 20,000 vertical skiing from 9 to 3. An off-Piste highlight for us was dinner at the Sunspot Restaurant at sunset (10500 feet up the mountain). Yes, they rolled up the carpet at 9 PM but that meant you could hammer the slopes the next day. The mid-week party at Doc's was a smash with all the goodies and drinks provided by our trip leader Brian, kudos...it was all smooth as silk.

2020 Tignes Val Claret & Val D'Iserere Trip Sat Feb 29 – Sun Mar8, 2020

By Mark Baechle

Mark Baechle's trip to Tignes Val Claret & Val D'Iserere in March was packed with skiing, eating, and drinking in the ski-in/ski-out Tignes Val Claret Club Med, with unlimited food, unlimited drinks, entertainment, lessons, and guides to show us the secret stashed of untracked powder. Some days we had fresh powder, some days we had blue sky and sunshine, and some days we had both!

On our first morning at Tignes Val Claret Club Med we were introduced to our Guides/Instructors, that stayed with us every morning and every afternoon for 5 days. They gave lessons to those that wanted to improve, and showed everyone the best places to ski for their ability, including many areas that they would never have found on their own. Our guides took us to Val d' Iserere, for additional great skiing.

We had around 40 of us in Tignes Val Claret Club Med. Some were concerned ahead of time of the Corona Virus, but we found no cases of that illness there (unlike Italy!). One week after we returned, the French government shut down all ski resorts, as a precaution. We got our trip in just in time!

Everyone had a great time, and is looking forward to skiing and partying together soon (once this panic-demic dies down!). Please let Mark know where you want to go next year.
