Big Sky: "Big Sky is known for pushing the limits of skiing. Whether it's providing 4,350 vertical feet of terrain from the top of Lone Peak, or installing North America's most technologically advanced chairlift, we're always looking for new ways to create exceptional experiences for our guests. 300 degrees of skiing off of the towering Lone Peak, surrounded by three other mountains, spans 5,850 acres of terrain to explore. If you're just starting out on snow, 2,300 of those acres are beginner and intermediate terrain that's perfect for learning and improving your technique. For the experts, Big Sky provides lift-served access to some of the most aggressive in-bounds terrain in the world. Seamless accessibility is provided by the most advanced lift network in North America. With slopeside lodging like the Huntley Lodge and Summit Hotel, shopping, and dining, Mountain Village is the heart of it all."

The Huntley: "Located in the heart of Big Sky Resort's Mountain Village, this traditional slope-side ski lodge was an original landmark in the late NBC News broadcaster Chet Huntley's original vision for Big Sky Resort. Huntley Lodge guests enjoy easy access to ski storage, the Huntley Lodge pool and hot tubs, fitness center, the Explorer Lift (just steps out the back door), as well as dining, shopping, and the Yellowstone Conference Center. The Huntley Lodge is an excellent choice for luxury and convenience to all mountain activities."
