We are proud to continue our partnership with [Simpson Housing Services](#) as the  benefactor for the event. Simpson's mission is to **house, support, and empower** people impacted by homelessness. To deliver on its mission, Simpson has recently partnered with its local community, individual donors, corporate partners, as well as federal, state, and local governmental agencies to build a new shelter and transitional housing. This facility is unique in that it brings key stakeholders together to support the impacted people who use a variety of services.

The format for the event is unchanged. Register through the Simpson website as a team of two. Singles will be accommodated provided there are an even number of singles. There is no requirement that teams be co-ed. Teams play three qualifying games. After the qualifying games, the top 16- or 32-teams (depending on total teams) get seeded for tournament play. The tournament will be single elimination until the champions are crowned and receive the Traveling Cribbage Trophy. The winning team keep the trophy for one year, proudly displaying it prominently in that special place in their house(s)!
