

August Youth Service Challenge

Can your club help 31 students start the school year ready to learn?
Every club's 31 can be different.

Your club might:

- purchase classroom supplies
- stock a school supply closet
- fill backpacks with student supplies
- donate hygiene items for school nurse to distribute
- meet another need identified by your local school

Start by asking. Connect with a school nurse, counselor, principal or teacher and find out what would help their students most.

Smaller club budget? That's okay. The goal is **31 students helped** — not just 31 backpacks purchased.

Imagine the impact! If every 5M-5 club helps at least 31 students, together 5M-5 Lions could help more than **1,100 students across Hennepin County** start the school year ready to learn.

SERVE. RECORD. SHARE.

Will your club take the challenge?

***When your youth project is complete...
Your club service deserves to be celebrated!***

Turn your club's Youth service idea into action within your community.

- **Report** your Youth Service Project (*and all service*) in Lion Portal.
- **Post** your club's Youth service on your club's social media pages, District 5M5 Lions Network Facebook page.
- **Ask** club members to share on their social media platforms

Thank you for everything your club does to serve our communities.
