

Zone 5 Cabinet Report**Michael Crenshaw**

Name of club: **Brooklyn Park Lions Club**

Date: **11/3/25**

Zone chair comments on club: The Brooklyn Park Lions Club have been adding new members to its club every month. The President of the Club is encouraging all members to have a voice. At the meeting they had an open ballot with options of how they would like to have their meetings. I have attached one of the blink ballots. This club is on the raise. At least 8 members have indicated they will be attending the all-club meeting next Monday. The club also has a couple event coming up. Veterans breakfast that they help serve at Hy-Vee and then they have a Christmas Party on the 1st of December and a Waffle breakfast w/ Santa on December 6th. This club continues to grow and do things; they have put the unity in the community and everyone member has a part in that. I think Brooklyn Park Lions Club is moving strong.

Name of club: **Brooklyn Center Lions**

Date: **11/6/2025**

Zone chair comments on club: I attended Brooklyn Center Lions Social meeting. I talked about the Mid-Winter and the Multiple District Convention and the pricing and the changes that are being made to things. I answered some question about the event's and encouraged anyone that hasn't to at least think about going it's fun and you meet so many new people. I then turned and started talking about the Club Excellence award and the changes that has come with that. I do have a concern and it's this, only 2 people have access to the lion's portal no one else does. As from what I gathered the President, Treasurer have never been trained in person or on-line. I mentioned that I would love to come back and show how to get into and start using it because there is a lot of information there and it can make things easier. Brooklyn Center had 11 Lions in attendance 3 guest and the Zone Chair. They do have event coming up they are doing hearing Screening at Brooklyn Center Elementary. They did a raffle with multiple items. This is my report.
