This club will be having their annual Christmas Tree selling event starting in December. They packed groceries by filling the bags with items totaling between \$10 and \$20 for area food shelves. They also suggested hosting a family less fortunate during the holidays. Both DG Lion Sara and myself discussed the new training requirements, the 5M5 Mid Winter Convention , theme is Hong Kong, increasing their membership and reporting their service projects in a timely manner. They had a great Tail Twister by having Baby Pictures of members and trying to guess who they were (Club members) the winner received a \$25 gift card.
