

GET, GLOBAL EXTENTION TEAM CABINET REPORT

Submitted by: Lion Michael Crenshaw

Date: 7/29/26

List highlights of what is new with your area of cabinet service since our meeting on March 30, 2026.

Hello, my fellow Lions, The Global Extension Team has been working hard toward our goal of chartering a new Lions club by December 31, 2026. While the end goal is exciting, much of the work happens behind the scenes. Extension is about building relationships through meetings, phone calls, introductions, and follow-ups. Every conversation brings us one step closer to achieving our goal. We continue exploring new opportunities to find the right community and the right leaders for a successful club.

One promising lead was an apartment community where we held a productive meeting. Although our contact has recently gone quiet, we remain patient and will continue following up while pursuing other opportunities.

Our GET team recently met to develop our game plan for the year, and I believe we have a strong foundation moving forward. In late June, I also attended the Global Action Team Summit, where I gained new ideas and renewed enthusiasm for our extension efforts. And yes, my train ride was quite the adventure—if you want to hear the story, come find me!

Thank you to everyone who continues to support extension by sharing the story of Lionism and connecting us with potential members and community partners. If you would like to be part of this journey and help start a new Lions club, I would love to have you on the team.

Please reach out by phone, text, or email. Together, we can continue building relationships, creating opportunities, and ensuring that where there is a need, there is a Lion ready to serve.

Yours in Service,
Lion Michael Crenshaw
Global Extension Team Coordinator

List what your area of cabinet service is planning this lion year.

To have a new lions club by December 31st of 2026.

To grow the team to even more Lions to grow and help the district.
