

KidSight Cabinet Report

We are ending the third quarter for our KidSight screenings. Numbers are down as it's winter and we also dealt with some social unrest and schools postponing their events.

We had 11 events, 416 screened with 34 referrals. We are hoping to bring our numbers back to our normal levels in the upcoming weeks. We did screen at the pancake breakfasts; fish fry's and they are always great events.

KidSight is going international and as a result "KidSight USA" is changing to just "KidSight". We are dropping the MD5M as well and will be the "KidSight" program. With that change comes a new multicolored logo. You will begin to see it on our forms, nametags and shirts.

Lions KidSight

We would like to get more Lions involved in KidSight. To schedule a presentation for your club, training for club members or to learn about upcoming screenings please contact us.
