

**Mark & Robin Howard**

With TMS Global  
Spain

**Ministry Focus:** Mark and Robin Howard hold leadership roles in a local Spanish church (Algeciras, Spain) composed of an international congregation and cooperate with PI's Moroccan Launch team. Also, they disciple and train believers from several nationalities both locally and internationally. Mark is also involved in a New Testament translation into a Moroccan dialect. In partnership with the local church, Pioneers focuses its work on sending teams to unreached people groups. Cross-cultural workers serve alongside local believers with a heart to see disciples making disciples, worldwide. Keeping in step with our missions' vision we have been working among various cultures in the Mediterranean now for over 40 years. Mark is originally from Kentucky and Robin, Guntersville. They met at Asbury College, have three married children all serving the Lord through their prospective local Spanish churches, and two foster children.
