Maintenance Done:

24,771 Miles

Valve adjustment

Change spark plugs, air filter, alternator belt,

Flush and change brake fluid

Change Oil and filter
Transmission and final drive fluid change

25,500 Miles

Replace plastic fuel fittings and couplers on the underside of the fuel tank

27,200 Miles

Replace front tire (Shinko)

27,400 Miles

Grease U-Joints

Replace swollen brushes in the ABS motor (company in the UK makes replacement brushes)

30,060 Miles

Replace rear tire (Dunlop Roadsmart 3 -180/55ZR17 73W)

30,200 Miles

Change oil and filter

Replace rear brake rotor

Replace rear brake pads

10/27/21 @ 36,100 Miles

Changed air filter- used HiFlo 7912 (had Mahle LX984/5)

10/21/21 @36,300

Changed oil and filter- 4 quarts Castrol 06412 Power RS 10W-50

10/27/21 @ 36,500 Miles

Front and Rear Tire Install @ Cycle Gear

Install new front tire

Install New back tire

11/9/21 @ 36,850 Miles

Adjust valves – some were tight, some were loose. Runs quiet on test run

Adjust coil seal on right cylinder – small amount of oil on coil

11/15/21 @ 37,100 Miles

Change transmission oil - used Motul 1L Transmission GEAR 300 75W90 - Synthetic Ester 105777

Change read drive oil, brake sensor O-Ring and rear fill plug O-Ring – used BMW SAF-XO

Clean and Grease rear Spline – used “Lube 477”

4/1/22 @ 40,000 miles on Hwy 7

4/24/22 @ 40,600 Miles

Clean rust in gas cap filler base and treat with Rust Converter paint

6/22/22 @ 42,100 Miles

Change engine oil and filter - 4 quarts Castrol 06412 Power RS 10W-50

Adjust Valves

Change spark plugs

7/24/22 @ 42,760 Miles

Add 1.75 oz. of STP Super Concentrated Fuel Injection Cleaner

8/16/22 @ 43,500 Miles

Flush brake fluid. Run bike activate ABS, re-flush brake fluid.

9/12/22 @44,100 Miles

Checked spark plugs- looked new. (Removed to do alternator belt)

Refill oil lost in alternator belt attempt. Used almost 2 quarts Casrtol Power 1

*Attempted to change alternator belt – FAIL! It got a split in it. What a PITA job – old belt look good, put it back on; it has been changed at some point. Using Crescent wrench required removing muffler, oil line (mess, lost 2 quarts) will attempt again at next oil change.

*****10/9/22 Sunday - Turned 44,603 Miles - 10K Miles in a year!***
