VCEDA's Positions on Local Economic Policy	Member of the Assembly 37th District	Supervisor 5th District		Oxnard City Mayor	Oxnard City Council District 3		Moorpark City Council District 2	
	Charles Cole	Tim Flynn	Carmen Ramirez	Deidre Frank	Ronald Arruejo	Oscar Madrigal	Ken Simons	Yuri Yurovski
Support addressing housing needs through program design – zoning that allows innovative site plans and structural solutions to the challenges of building in existing urban settings through greater interagency coordination.	1	2	2	2	2	2	2	2
Support reducing local barriers to housing construction by limiting delays and duplicate reviews, maximize the impact of public investments, and temper rents through housing supply increases.	1	2	2	2	1	1	2	2
Support reducing permit and construction policies that drive up unit costs.	2	2	2	2	1	1	2	1
Jurisdictions that meet or exceed housing goals should be rewarded with state funding and other benefits.	-1	2	2	2	2	2	-1	2
Establish or re-establish sources of funding for housing and related investments. Any source of funding should be connected to the previous reforms.	0	2	2	1	1	2	2	2
Support development and approval of a local revenue measure for transportation so Ventura County can adequately compete with other counties in Southern California.	-2	2	2	2	2	2	2	-1
Support legislative/ administrative action to keep the CA Waterfix on schedule to advance conveyance and ecosystem improvements to help achieve the coequal goals of water supply and reliability and Delta ecosystem restoration.	-1	2	2	2	0	2	0	2
Support open and efficient energy markets, promoting competition, reducing costs, technology neutrality, and increasing value to consumers as California transitions to a clean energy future.	1	2	2	2	1	1	2	2
Support comprehensive and coordinated national, state, and local energy policies that will address multiple energy and environmental issues as a system in order to ensure adequate energy supplies, reasonable pricing, and achievement of California's environmental goals at the lowest cost to consumers.	-1	2	2	2	2	2	2	2
Support the current cap and trade system which serves as an effective part of a large suite of policies that reduce greenhouse gas emissions, advance health benefits and allow compliance flexibility.	-2	2	1	1	1	1	2	2
Support the safe production of oil and gas throughout Ventura County, recognizing the value of local production over imported oil as we transition to sources of renewable energy.	2	2	-1	-1	1	1	2	0
The regulations imposed by the Wildlife Corridor Ordinance will impose an undue burden on the farming community in Ventura County by creating restrictions on lighting, fencing, brush clearance and structures that apply to hundreds of thousands of acres of private and public land.	2	1	-1	-1	-1	1	2	1
Local governments should allow for increased density and an expedited permitting process for transportation-based developments. This would address issues related to parking, traffic congestion, and workforce transportation.	1	2	2	1	2	1	2	2
Ensure college courses are relevant and specialized to match industry trends and the implementation of reforms to improve the relevance, access, outreach, and effectiveness of trade and career technical education programs and policies.	2	2	2	2	2	2	2	1
California lawmakers should focus on policies that allow individuals the option to work as independent contractors and improve workplace flexibility for employees, while alleviating the threat of costly litigation for employers for accommodating workers' schedules.	2	2	-1	-1	1	1	2	0
Support the Port of Hueneme's goal of retaining and growing domestic and international trade and economic development through best-in-class support facilities, operations and services.	2	2	2	2	2	2	2	2
Support administrative/ legislative actions that would provide state funding or reimbursement for water utility infrastructure expenditures to improve redundancy and reliability.	1	2	2	2	2	2	2	2
Support administrative/ legislative action and state funding to expedite the development of recycled water, groundwater, stormwater, and desalination projects as water resources.	1	2	2	2	1	2	2	2
Support investments in expanding access to electric vehicle charging infrastructure for all classes of vehicles and policies that keep electricity affordable as a fuel source for zero-emission vehicles.	1	2	2	2	1	2	2	2
Private Attorney's General Act (allows an aggrieved employee to file a representative action on behalf of himself/herself and all other aggrieved employees for a Labor Code violation): VCEDA is supportive of any efforts to reform PAGA to ensure the goals of labor law enforcement are satisfied, but that it is not used as a vehicle to enrich trial attorneys.	2	2	2	-2	0	2	2	2
