

AZ-BAFD

BUTTERFLY AIR FLOW DAMPER

AirZoe's ideal backdraft damper for solar, fresh air intake, heat exchangers and other air duct applications.

FEATURES

- Foam seal provides minimal leakage.
- No springs or metal hinges to go bad.
- Works for both horizontal or vertical applications.
- Ideal for intake or exhaust applications.
- Due to its unique design, it opens easily with normal air flow and closes by gravity.

OPTIONS

- Square to round models available. (Customer provides measurements)
- Special mounting designs. (Customer provides measurements)
- Larger sizes are available on request.
