

# Medical Microneedling

## Medical Microneedling Treatment

**Face & Neck 45 minutes £150**

**Course of 3 x 45 minute treatments £400**

During this luxury medical treatment the use of a safe and effective skin rejuvenation tool is used to treat various skin conditions and restore the healthy youthful appearance by stimulating the natural production of collagen and elastin. With minimal down time.

Through controlled micro-needle insertions of the skin micro- injuries are created, triggering new collagen synthesis to regenerate and reduce wrinkle depth, the appearance of scars and other skin imperfections. As a result leaving skin smoother, clearer, firmer and more youthful.

As with all treatments repeated treatments may produce improved and longer lasting results.  
This will be discussed during your Consultation and Treatment Appointments.
