

Medical Mesotherapy

Medical Mesotherapy Treatment

Face and Neck 45 minutes £150

Course of 3 x 45 minute treatments £400

During this luxury medical treatment a technique is used that involves micro - injections of therapeutic substances into the superficial dermis. This treatment is indicated for ageing skin, fine lines and wrinkles, skin tone and enlarged pores, sun damage, collagen deficiency.

This treatment is perfect for skin hydration and can be used to directly treat areas that require more direct intervention. Varied techniques are used depending upon your unique skin needs which makes this treatment truly bespoke to you and your skin needs.

As with all treatments repeated treatments may produce improved and longer lasting results.
This will be discussed during your Consultation and Treatment Appointments.
