If you're looking for a sweet, gentle soul to add to your family, Angel might just be the perfect fit!

**From His Foster:**

Angel is fully house-trained and hasn't had a single accident... what a champ! He's not a fan of kennels but does amazing when left alone in the house. Calm, respectful, and trustworthy!

He walks nicely on leash and knows "sit" and "stay." A true couch potato, Angel prefers being indoors and loves to follow his people around the house. He enjoys curling up at the end of the bed at night and then heads to his own bed.

He's great with dogs and cats in the home. He's shown a little food guarding around the cat (just growling), but it's minor and being worked on.

He lives for human connection! When excited, he'll grab a toy and trot around with his whole back end wagging! Angel is affectionate, calm, and ready to find a forever home where he'll be loved as much as he loves!
