Meet Hansel! Just like in the fairy tale, this little guy is on an adventure of his own, but instead of breadcrumbs, he's following the trail to his forever home!

Hansel came to us with his sister, Gretel, and is likely a littermate of our boy, Lucky! He's learning all the puppy basics, doing wonderfully with his potty training and kennel training.

This boy is full of personality – he loves to play, wrestle, and explore, but he's just as happy curling up with you once he's tucked out!

If you're looking for a brave, loving pup with a bit of fairy-tale magic, Hansel might just be the perfect fit for your family!
