Scooby is great with other dogs, gentle with kids, and even does well with cats, making him a great fit for all kinds of families. He's working hard on his crate and potty training in foster care, and with a little patience, he'll be a pro in no time!

Like many pups, Scooby can be a bit unsure when things get noisy or overwhelming. Loud voices or sudden movements can make him nervous. With kindness, gentle reassurance, and plenty of love, this sweet boy is already learning that people are safe and wonderful!
