Meet the amazing, Hennessy!

This little sweetheart is as soft and lovable as can be, and we've loved watching her find her confidence!

She LOVES having dog friends to help her feel brave and show her the ropes! She loves to play, and does great walking on a leash, especially if she has a four legged friend by her side!

This little adventurer loves playing in the sprinkler outside and enjoys the water! She's an adorable goofball who will keep you laughing all day! She's also been curious and respectful around cats and finds birds fascinating (she loves the outdoors!)

Hennessy is making great progress with potty training and is fully house-trained with a dog door. She's also learning to love her crate and often chooses it for naps!

She keeps herself entertained by collecting "treasures" like towels, clothes, or a lone shoe...anything too close to the floor ends up in her little pile! She doesn't chew these special items, but rather sits on top of them to keep them safe!

If you enjoy snuggles, soft companionship, and the joy of watching a dog blossom into her best self, Hennessy might be your perfect match. She's the perfect balance of playful and calm, she's very sweet, and so ready to love and be loved!
