

# TEDDY

**Sex: Male**

**Age: 10 weeks old (approx.)**

## Shepherd Mix

(likely to be large to very large)

- Great with other dogs and loves kids
- Mastering potty training, knows "sit" and is great in his crate
- Real life teddy bear
- Up to date on vaccines, de-wormer, is microchipped

Meet the adorable Teddy! This sweet member of our "T" crew is the perfect blend of playful energy and calm cuddles. He's incredibly gentle and full of love to give!

### **From His Foster:**

If you've ever wished your childhood teddy bear could come to life ... Teddy is for you! This little guy is as cuddly, floppy, and sweet as his name suggests. He's a total snuggle bug who loves being near his people and giving kisses. Teddy is very friendly and easy going. He has the calm, gentle nature of an old soul, but don't be fooled because he still loves to play. He's happy playing tug-o-war and rolling around with our adult dog. He's also doing amazing with potty training and kennel training.

He is a very smart boy who is food motivated! He has learned "sit" and is responding to his name. He is great in his crate and loves sleeping in it. He wakes once during the night for a potty break but then heads right back to his crate to continue snoozing!
