Meet the handsome Ruger! This 5 month old husky pup has been stealing hearts since he came into our care a couple of months ago and is looking for his forever home!

Note From Foster:

Ruger is a very sweet pup, shy at first but warms up really quickly! He's great with all kinds of dogs, cats and good with children as well. He is very smart and learned the house rules quickly. He goes in a crate during the day and at nighttime!

This little guy would definitely benefit from having another confident companion in the house!
