Meet Prancer, the sweetest little reindeer-in-training! She's polite, calm, and has the manners of a much older dog! No accidents, no destruction, and she handles full house access like a total pro. She even uses her crate as a cozy hangout spot and sleeps soundly on her dog bed all night!

Prancer adores kids (her foster's grandkids can't get enough of her!) and gets along beautifully with other dogs and cats. She's agile and curious... (yes, she can climb on things...) but she's already improving with gentle guidance!

If you're searching for an easygoing, family-friendly companion who will melt your heart the moment you meet her, Prancer is your girl!
