- Health-checked, vaccinated, dewormed, microchipped

Sex: Female

Age: 2 years

approx. as of Aug. 10, 2026

Some dogs leave a mark on your heart, and Kaycee is one of them!

Named after the beautiful Kananaskis Country where she was found, Kaycee's story is one we'll never forget. After giving birth to her puppies, she did something extraordinary. She led the people who had been searching for her straight to her babies, trusting them to help keep her little family safe before they came into our care.

She was everything you could hope for in a mama, and now that every one of her puppies has found a family of their own, it's Kaycee's turn!

To know Kaycee is to love her. She's gentle in every sense of the word. She adores people and greets everyone with a wagging tail before happily rolling onto her back for a belly rub. She has the sweetest, most easygoing nature and simply wants to be close to the people she loves.

Kaycee is wonderfully well-mannered in the home. She's fully house trained, never gets into things she shouldn't, walks beautifully on leash without pulling, and is a great listener. She knows sit, stay, and shake a paw, gets along beautifully with other dogs, and would likely do well with respectful children. She is looking for a cat-free, or dog-savvy cat home.

After everything she's done for her puppies, we can't wait to watch someone fall just as deeply in love with her as we have.

If you think you could give Kaycee the forever home she's been waiting for, we'd love to hear from you.
