Meet Amy, named after Amy Fleming from Heartland. Warm, gentle, and full of love, Amy perfectly reflects the strength and compassion her name represents. She may be small, but her heart is huge, just like Amber said!

As the final pup from our Heartland litter to be introduced, Amy's story feels extra meaningful to us... and even more special knowing she's being fostered by the very woman who inspired her name!

This sweet girl is excited to ride off with a forever family of her very own.
