Age: 2 years old

approx. as of Sept. 27, 2026

- Great with kids and other dogs
- Calm and well-mannered in the home
- Health-checked, vaccinated, dewormed & microchipped

Meet Buddy, a sweet (and very handsome) two-year-old boy who has been making a pretty great impression in his foster home!

Buddy is incredibly well-mannered and easy to have around. At home, he's calm and content to hang out near his people, especially if there are pets and scratches involved. He's an affectionate guy who loves being close without needing to be the centre of attention.

He's currently being fostered in a home with children and a 5lb Chihuahua and has been wonderful with both. He's curious and friendly, but also respectful when they aren't interested in interacting with him.

One of Buddy's favourite things is heading out for a walk! He loves getting outside to explore and take in everything around him. When he sees other dogs, he's interested without being pushy and does a great job giving them space when needed.

Buddy has only been in foster care for a short time, but everything we've seen so far tells us he's a really lovely dog who will make a wonderful addition to the right family!

If Buddy sounds like he might be the one you've been waiting for, apply to adopt him today!
