Meet Ginger, the devoted mama of our Bakery litter. She did an absolutely beautiful job raising her babies, keeping them safe and well loved through every stage.

There's something extra special about Ginger that we witnessed firsthand on more than one occasion. When an orphan puppy, BearPaw, needed a place to land, Ginger didn't hesitate. She welcomed him right into her litter and cared for him as if he were her own. That steady, empathetic nature carries into everything she does!

Ginger is a medium energy girl who bonds deeply with her people and thrives on connection. She would love a home that offers daily walks, companionship, and a cozy spot to curl up at the end of the day.

After giving so much to her puppies, it's her turn for a forever home of her own. Could you be the happily ever after that Ginger deserves?
