- Dog and cat friendly (dog-savvy cat)
- Potty trained
- Loves to be loved!
- Vaccinated, health-checked, dewormed, microchipped, neutered

Meet Moose! This sweet boy came to us a little worse for wear, and has since blossomed into a lovely pup. Moose came to us with a large wound on his neck that has since been treated and is healing well! He has not been around kids yet, but seems to do well with people that he has met so far!

**From his foster:**

Moose loves to go for walks, doesn't pull but will chase deer if given the chance.

He's respectful of other dogs but will also expect respect. He is appropriate when he wants to let another dog know that he doesn't like what they're doing. Gets along well with the cat as long as the cat is dog savvy, never had an accident in the house, sleeps thru the night. He seems to be good with everybody, just wants to be loved and likes to be a little on the lazy side.
