In her foster home she has been very respectful of the resident dog and prefers to keep things calm and peaceful. She hasn't quite figured out toys yet, but she enjoys chewing on a nylabone and is slowly discovering how to relax and enjoy the good things in life.

Maple is ready for the next chapter of her life. She deserves a home where she can finally settle in, feel secure, and have the stability every dog should know. It's time this special pup found her forever! If you're looking for a gentle, devoted companion, Maple may be the perfect addition to your family!
