(as of Apr. 4th)

- Loves people and thrives on attention
- House-trained with great manners in the home
- Knows basic commands and eager to please
- Health-checked, vaccinated, dewormed, microchipped, spayed

Meet Lumi! This amazing girl has such a warm, gentle presence about her. She naturally gravitates toward her people and is happiest when she's close by, soaking up attention and being part of whatever you're doing.

She settles in beautifully at home and brings a really nice balance of calm companionship and playful moments. Lumi is still building confidence in a few areas, but she's thoughtful, responsive, and continues to make great progress with consistency and guidance!

If you've been looking for a loyal, people-focused companion, Lumi might be the perfect fit

*From her foster:*

Meet Lumikki!

Lumikki is a sweet, people-oriented pup who loves being around humans and brightening your day with her affectionate personality. She has excellent manners and keeps all four paws on the floor when greeting guests, though she may gently nudge into your legs when she's looking for attention; she just loves being close to people!

She's working on learning to be alone, but with some guidance, she's making progress. Lumikki is house-trained, goes out regularly, and hasn't had any accidents. On walks, she's practicing loose-leash walking and does well when you stop walking if she starts to pull.

Lumikki knows basic commands including sit, come, down, and responds to her name; sometimes she just needs a little reminder though. She's still learning to take treats gently, but is eager to please and loves interactive play.

She loves cats, enjoys playing in the yard, and absolutely adores leaping through the snow, showing off her playful side.

A note for potential adopters: Lumikki is curious and tall enough to reach counters, so it's important to keep tempting items out of reach.

Lumikki's affectionate nature, playful energy, and love of people make her a wonderful companion for someone ready to give her a loving home!"
